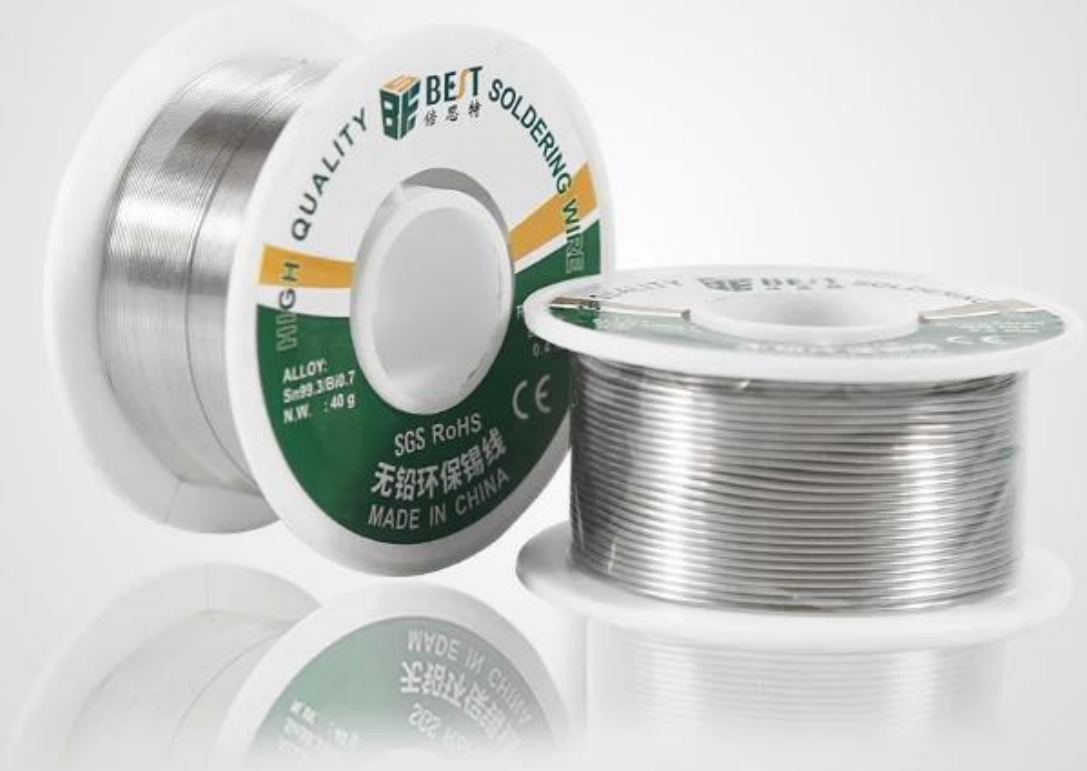
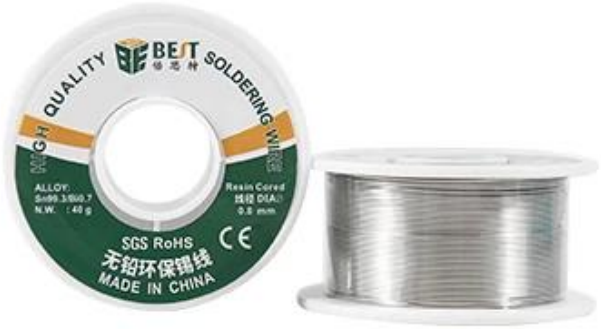
LEAD-FREE SOLDER WIRE



Product Usage



ALLOY	Sn99.3 / Bi0.7
N.W.	40g
WIRE DIAMETER	0.4 / 0.8mm
PACKAGING SIZE	54.99x27.44mm
PRODUCT TYPE	Tin wire
COLOPHONY	2.0

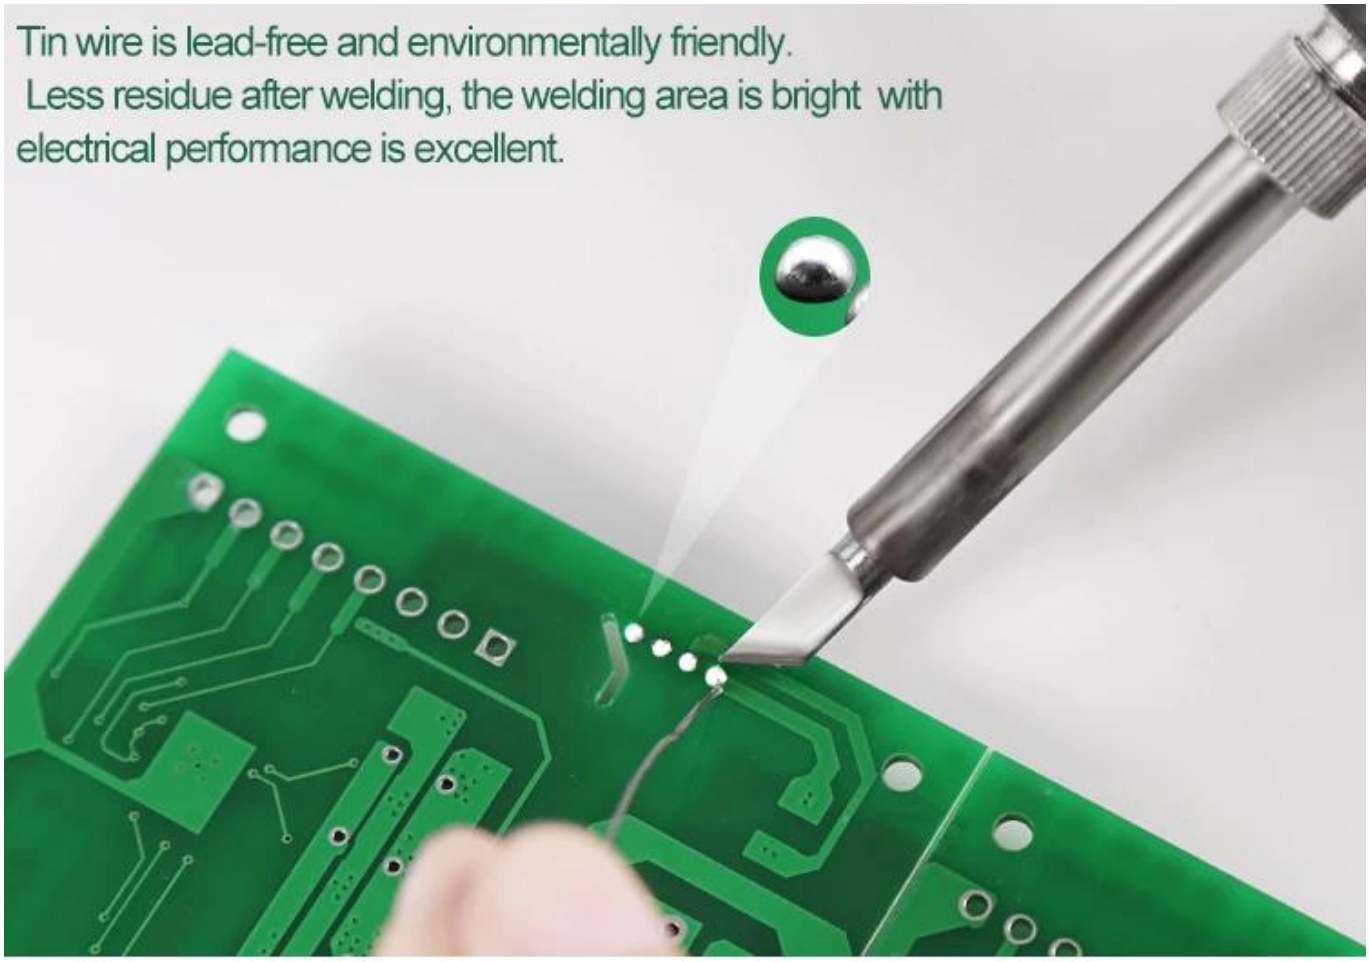
▼ CHARACTERISTICS

This product can be used for welding variious products. It has 99.3, Tin wire is lead-free and environmentally friendly.percent high purity tin, low melting point, fast welding, good fluidity,neat coiling and smooth surface...

PRODUCT INFORMATION

SMOOTH SURFACE AND EVEN DISTRIBUTION OF ROSIN IN THE LINE

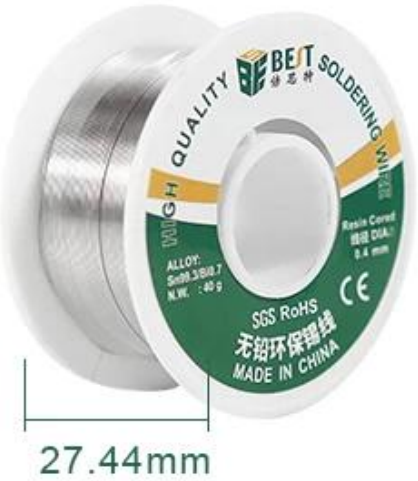
GOOD RESISTENCE, NEAT WINDING



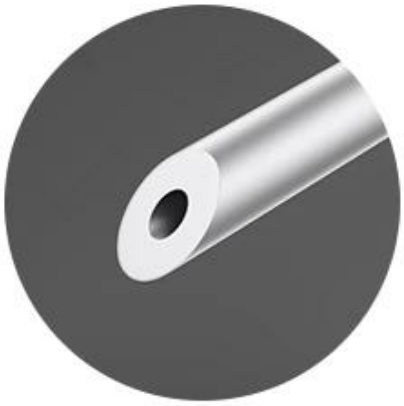
Tin wire is lead-free and environmentally friendly.
Less residue after welding, the welding area is bright with electrical performance is excellent.

LOW MELTING POINT, FAST WELDING
REDUCING THE THERMAL DAMAGE CAUSED BY WELDING ON COMPONENTS
BEST
SGS RoHS
MADE IN CHINA

PRODUCT SIZE



Wire diameter 0.4mm



Wire diameter 0.8mm
