Features

1. Buen rendimiento de calor
2. Tamaño de la punta de soldadura muy preciso
3. sin plomo, estaño Tome soomthly, vida útil de soldadura más de 70.000 puntos
4. Calidad confiable probado por el mercado extranjero en Europa, América, Asia, Oriente Medio y África.

Specification

Material: Cobre, hierro, níquel y cromo
Modelos: 900M-TB 900M-T-0.8D 900M-T-1.2D 900M-T-1.6D 900M-T-2.4D 900-T1C,900M-T-2C 900M-T-3C 900M-T-4C 900M-TK 900M-T-ES 900M-TI

Description

Name:	Welding head	Model:	900M-T-SK
Brands:	BEST	Specification:	SK
尺寸:	41mm	Weight:	73.5g
Material:	Copper, iron, nickel and chromium		
Feature1:	Oxygen-free copper material imported raw materials, thermal fast		
Feature2:	Up and down the tin and smooth, stable performance after welding joints smooth, uniform		
Feature3:	Take the tin and smooth, life over 70,000 solder joints		
Feature4:	Overall use of special machinery and production process, the precise size		
Feature5:	Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance
