intelligent

DIGITAL HEAT GUN

Rapid temperature rise

ACCURATE TEMPERATURE CONTROL

Four characteristics

Adjustable air volume

Exact temperature

Heat up quickly

Use safety

Scope of use

Appliance Repair
Board soldering
Phone Repair
Heat shrinkable tube
Solnde 850+
300

DC distributed heating

rapid heating
Durable and smart

150°C~480°C

Product Description

Front

Behind

Precautions

The bottom is the air pump fixing screw, the main function is to ensure that the air pump is in the Does not fall off during transport.

When using, remove the screw first, so that there will be no working noise.

Product parameters

Model	SLD-850+
Product name	Spiral Heat Gun
Power	600w
Weight	4.00kg
Input voltage	220VAC 50/60Hz
Temperature control range	150°C ~ 480°C
Airflow	≈150cm/s
Air volume gear	A25~A99
ambient temperature	0°C ~40°C
Machine size	L185*W245*H125mm
Package Size	L265*W165*H155mm

205mm
ESD SAFE
SMD REWORK STATION
CE
MADE IN CHINA
