

The tips are for horns and plastic  
1.99.9% pure copper ,long life.  
2.Good heat conduction, heat fast  
3.Environmental friendly

# PURE COPPER SOLDERIN TIP

Pure copper

Environmental protection

Electroless plating

Non-magnetic welding

## Product Usage

MODEL	C900M-T
WEIGHT	20.7g
PRODUCT TYPE	Pure copper solderin tip
PACKAGE SIZE	7.3 X 5 CM
MATERIAL	Pure copper

### ▼ CHARACTERISTICS

The tip is designed to weld the horn to the plastic. High-purity copper, non-magnetic welding, more environmentally friendly and convenient to use.
