

Features

1. 100% stainless steel construction
2. 100% stainless steel construction
3. 100% stainless steel, 100% smoothly 70,000 rpm
4. 100% stainless steel construction

Specification

Model: 900M 900M-TB-T-900M 0.8D-T-900M 1.2D-T-900M 1.6D-T-900M 2.4D-T1C,900M-T-900M 2C-T-3C 900M-T-4C-900M 900M TK-T-IS-900M TI

Description

Name: Welding head

Model: 900M-T-SK

Brands: BEST

Specification: SK

尺寸: 41mm

Weight: 73.5g

Material: Copper, iron, nickel and chromium

Feature1: Oxygen-free copper material imported raw materials, thermal fast

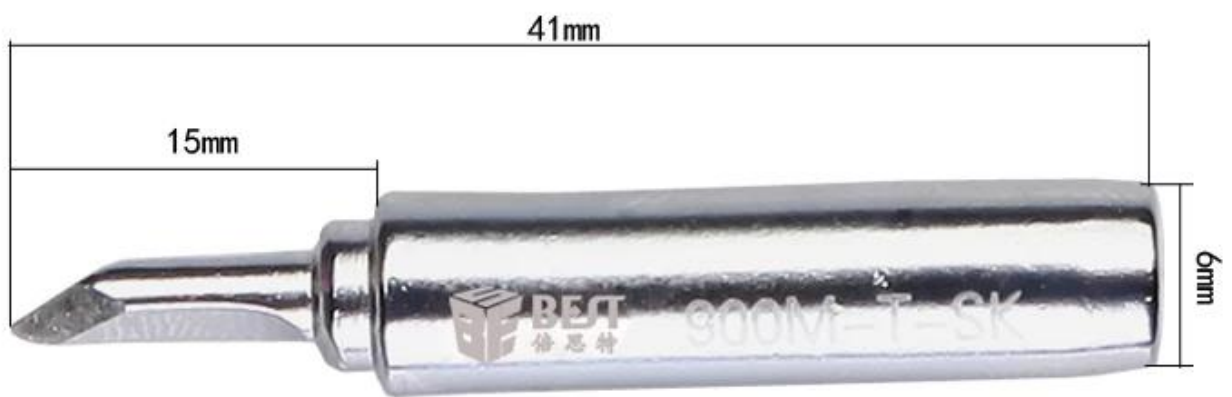

Feature2: Up and down the tin and smooth, stable performance after welding joints smooth, uniform

Feature3: Take the tin and smooth, life over 70,000 solder joints

Feature4: Overall use of special machinery and production process, the precise size

Feature5: Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance
