

2 IN 1

DIGITAL DISPLAY

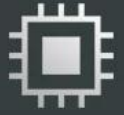

HOT AIR GUN SOLDERING STATION

Rapid temperature rise

ACCURATE TEMPERATURE CONTROL

Four characteristics

Automatic sleep

Exact temperature

Heat up quickly

ceramic heating element

Scope of use

Simultaneous use of hot air gun and soldering station

rapid heating
Durable and smart

HEAT GUN

100°C~450°C

SOLDERING STATIONS

200°C~480°C

Product Description

Front

Behind

Product parameters

Model	SLD-852AD+
Product name	Hot air station
Power	600w
Weight	5kg
Input voltage	220VAC 50/60Hz
heat gun temperature	100°C ~ 450°C
Soldering station temperature	200°C ~ 480°C
Airflow	≈160cm/s
Air volume gear	A25~A99
ambient temperature	0°C ~40°C
Machine size	L185*W245*H125mm
Package Size	L265*W165*H155mm

205mm

275mm

340mm

ESD
SAFE
