

Features

1. Gute Wärmeleistung
2. Lötspitze Größe sehr präzise
3. Bleifrei, Nehmen Zinn soomthly, Löten Lebensdauer mehr als 70000 Punkte
4. Zuverlässige Qualität von Übersee-Markt in Europa, Amerika, Asien, Mittlerer Osten und Afrika bewährt.

Specification

Material: Kupfer, Eisen, Nickel und Chrom

Models: 900M-TB 900M-T-0.8 D 900M-T-1.2D 900M-T-1.6D 900M-T-2.4D 900M-T1C,900M-T-2C 900M-T-3C 900M-T-4C 900M-TK 900M-T-IS 900M-TI

Description

Name: Welding head

Model: 900M-T-SK

Brands: BEST

Specification: SK

尺寸: 41mm

Weight: 73.5g

Material: Copper, iron, nickel and chromium

Feature1: Oxygen-free copper material imported raw materials, thermal fast

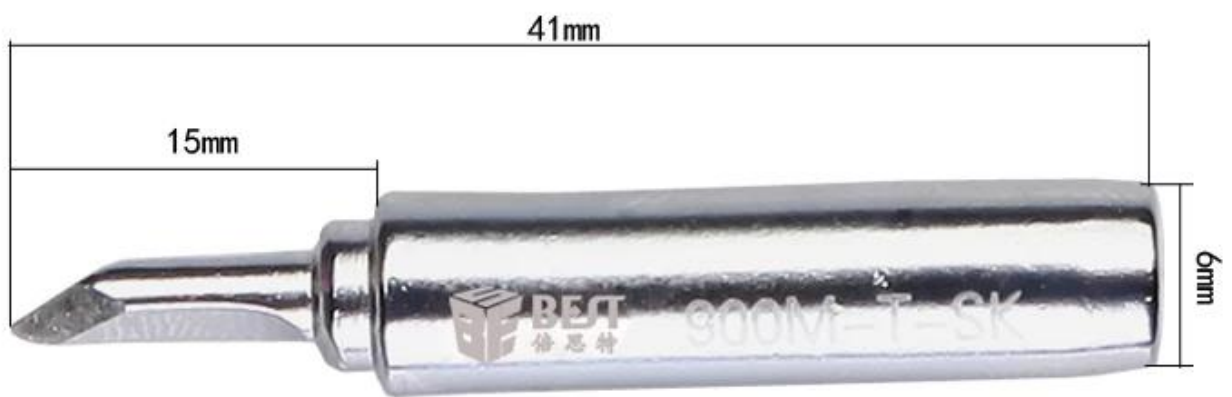

Feature2: Up and down the tin and smooth, stable performance after welding joints smooth, uniform

Feature3: Take the tin and smooth, life over 70,000 solder joints

Feature4: Overall use of special machinery and production process, the precise size

Feature5: Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance
