multifunctional Charger

Shanba No.1 multifunctional 8-port visual charger

Multiple USB ports for fast charging, inspection and maintenance

Product Features

Extremely fast charging
multifunctional detection and maintenance

Extreme
fast charging

Large screen
color display

Mobile phone
startup voltage
and current detection

Voltage and current
Power, time, and quantity
take in everything in a glance

short circuit
Overcurrent
Overvoltage protection

Multiport output

Data line detection

15W wireless fast charging

Multiple security protection

Voltage stabilization protection

Overcharge protect

short circuit protect

Overheat protection

Overrelease protect

Leakage protection

Overvoltage protection

Overcurrent protection

Press and hold the red button for 6 seconds to enter the backlight sleep setting

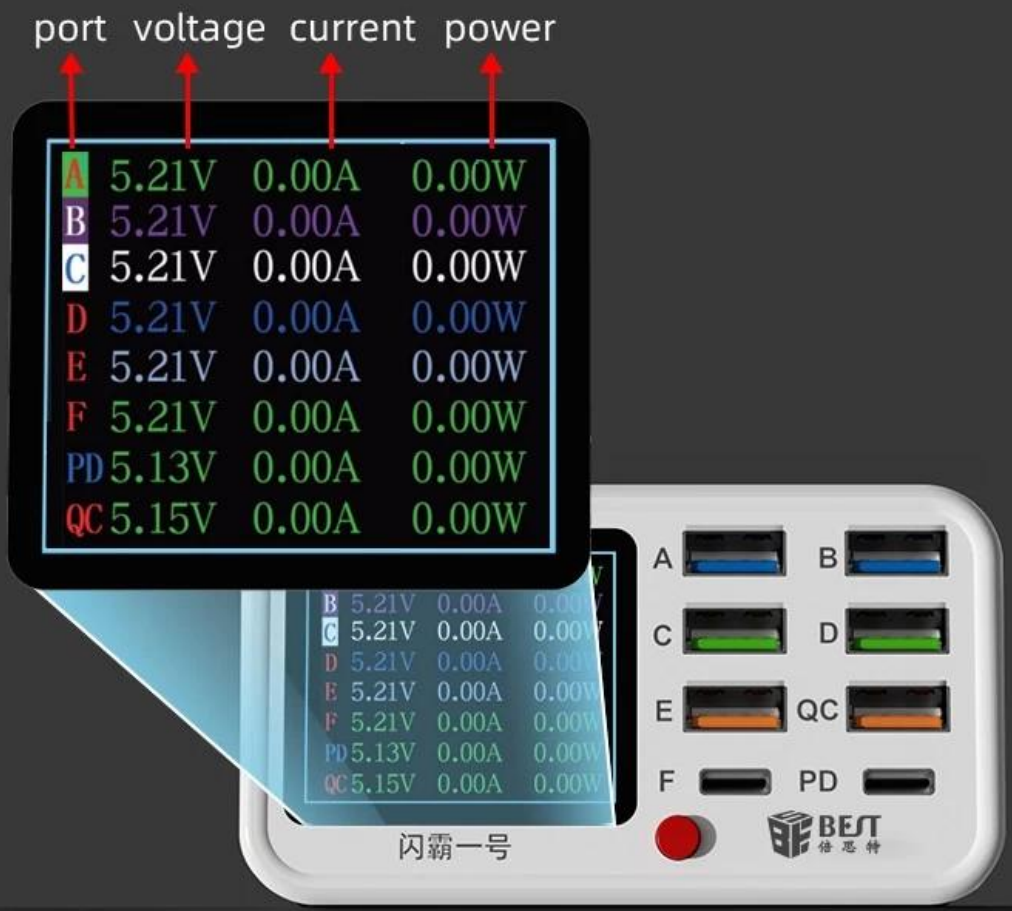
After entering the backlight setting, adjust and press the red button to set the backlight sleep (On/Off)

Press and hold the red button for 1 second after completion to complete the setting

multifunctional Charger

Flashing sign
One glance positioning

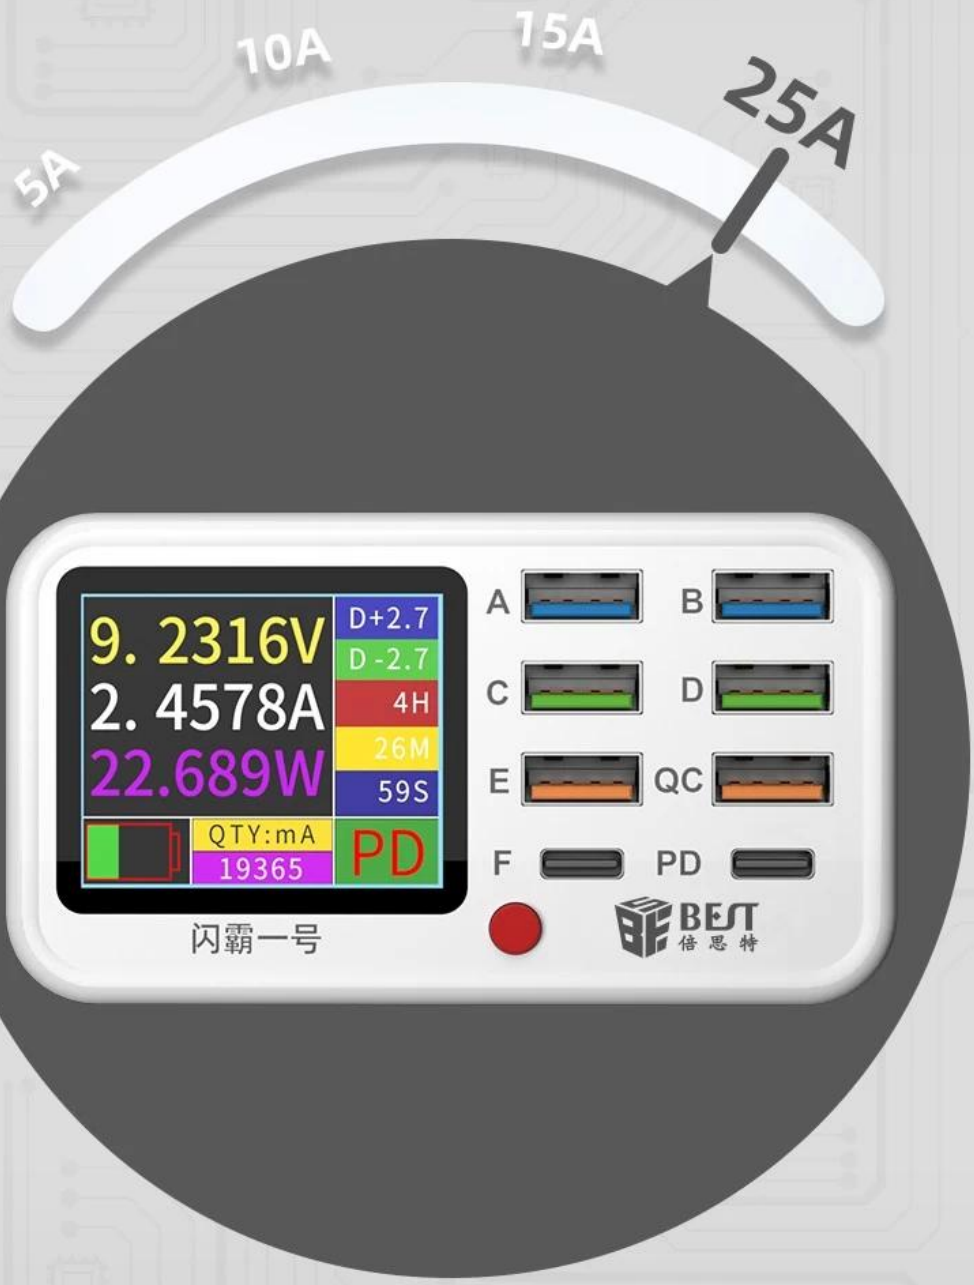
The device has 6 high currentcharging ports,
1 QC fastcharging port,
1 PD20W Applefast charging port,
a total of 8charging ports,
and 1 wireless charging port



multifunctional Charger

Multi port fast charging
Fast full charge

Can charge all phones/desk lights
Small fan/flashlight/power bank
Devices etc. with USB interfaces



multifunctional Charger

Detachable power cord
Suitable for various environments and plugins

Power socket with built-in fuse
High safety and strong stability
Adapt to global 100V-240V voltage

multifunctional Charger

Bold coil
Faster charging

Increase speed by 60%, high-speed
15W Charging Fast One Step

wireless charge

multifunctional Charger

15W wireless charging
Farewell to charging cable

Unlimited charging,
constantly charged phone

multifunctional Charger

energy saving
Sleep flexible and adjustable

Brightness and sleep flexibility can be set
Save energy and electricity for you

Long press and hold the red button key 3 seconds to enter backlight setting

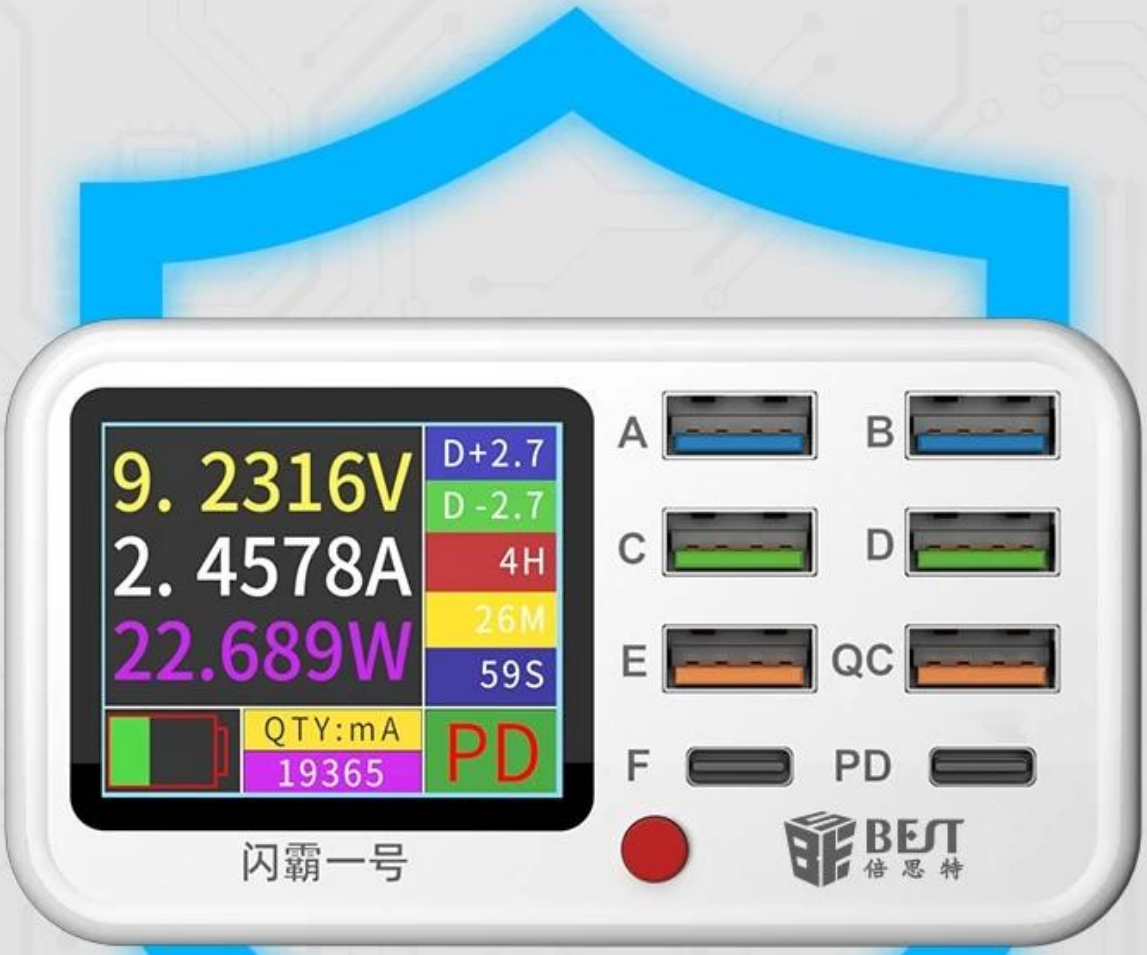
Adjust the red button after entering the backlight setting Set backlight brightness based onAdjust your comfort level1-10 levels, protecting your eyes.

Press and hold the red button for 1 second after completion to complete the setting

multifunctional Charger

Multiple protection
Safer and more secure

8-fold protection for your digital security



multifunctional Charger

Heat dissipation without overheating
Good heat dissipation channel

Good heat dissipation channel
Effectively reducing heat
Ensure safe charging of mobile phones

multifunctional Charger

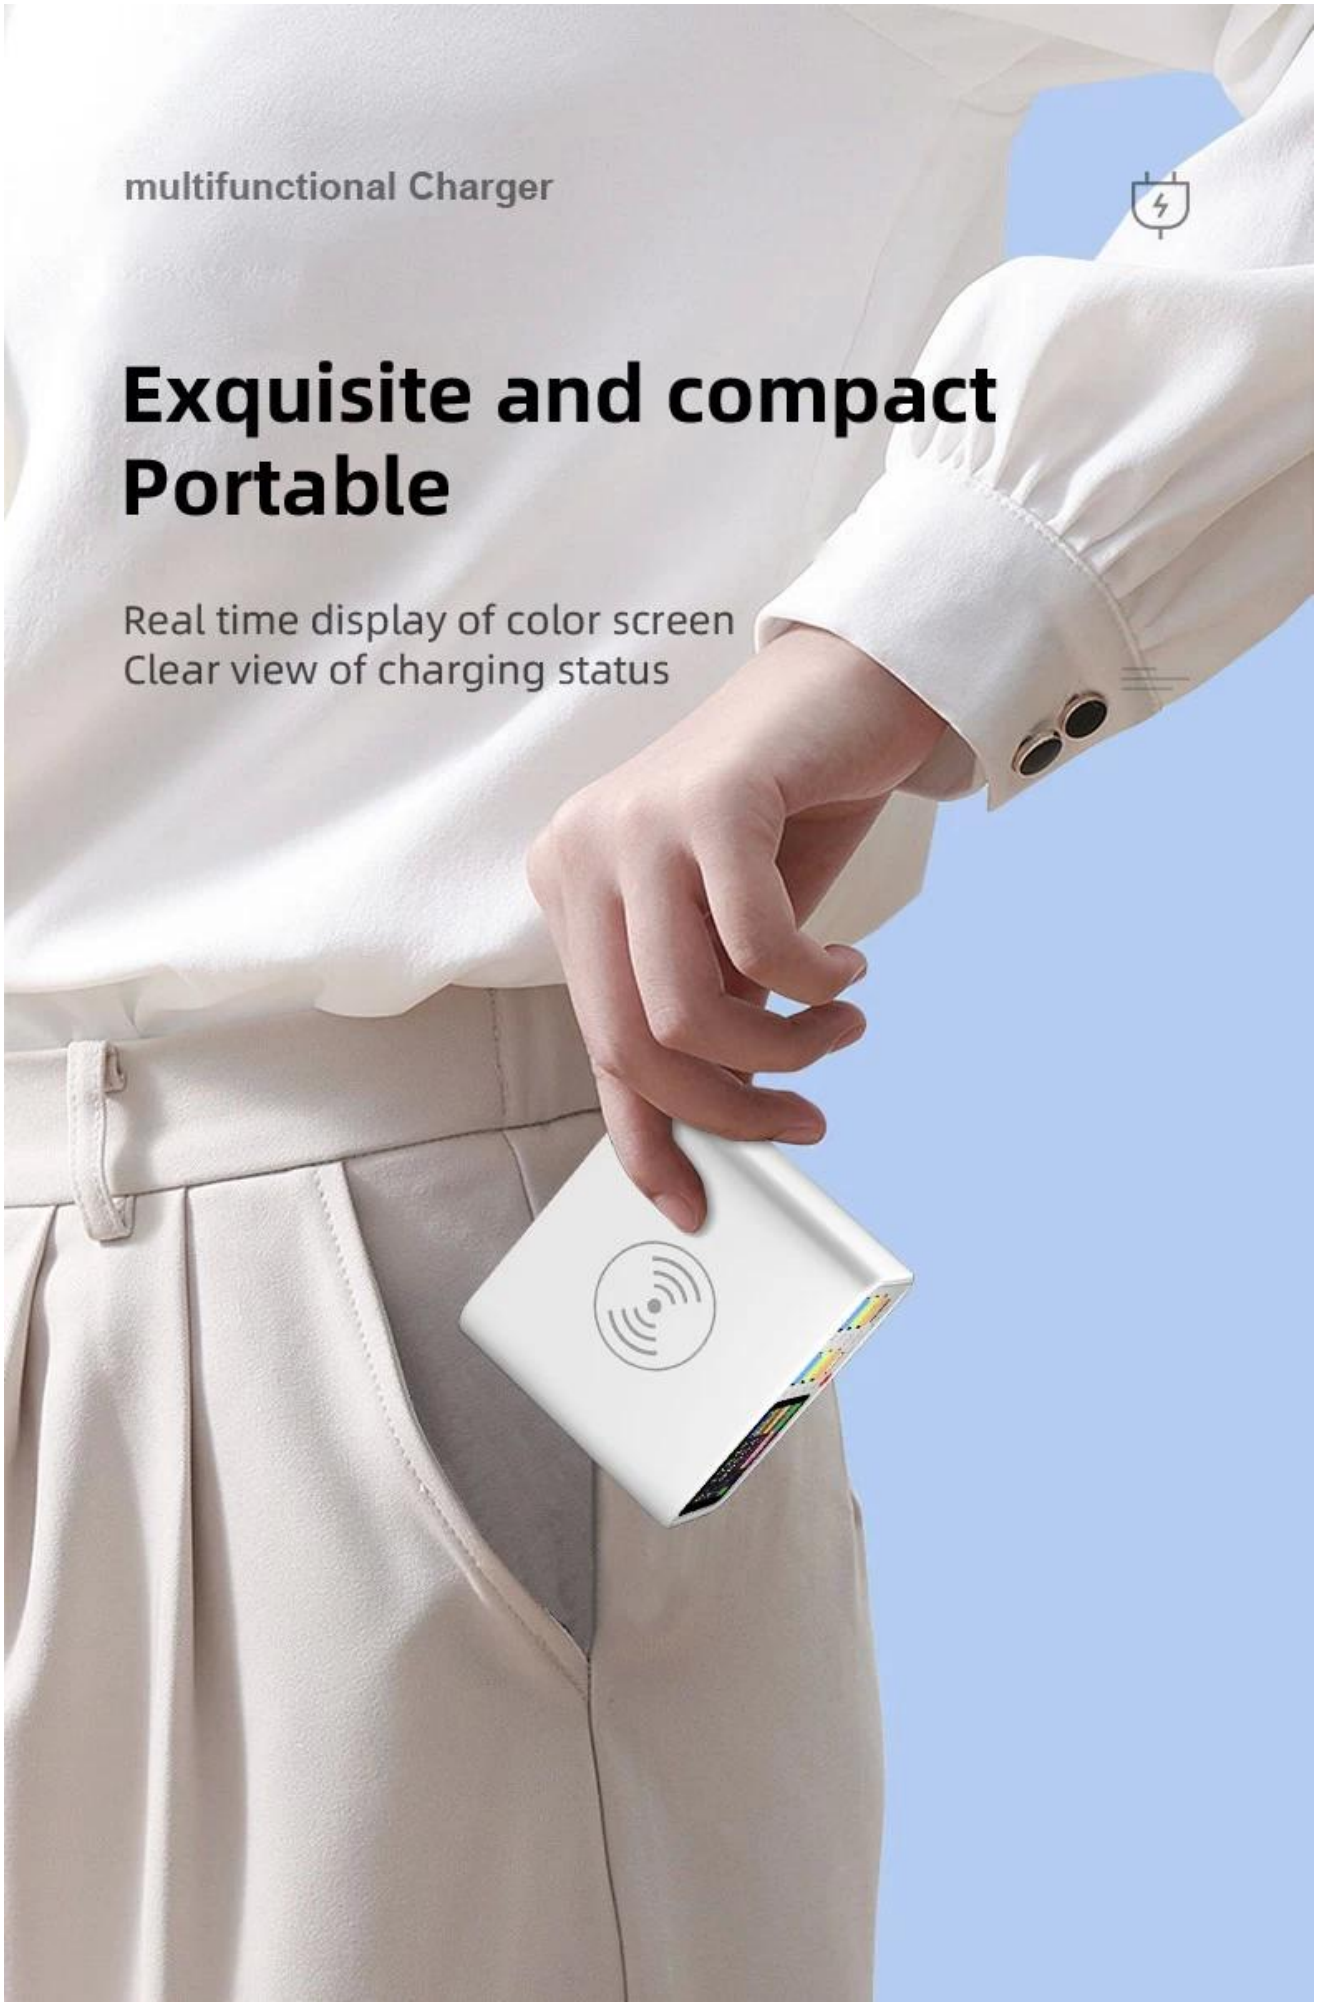
Family equipment
One is enough

Perfect support for Apple, Huawei
Samsung and other mobile phones fast charging
Support for PD/QC/FCP/SCP/AFC
Multiple fast charging protocols

multifunctional Charger

High-end customization Apple phone fast charging

Specially designed for Apple phones
High-end customization, fast charging

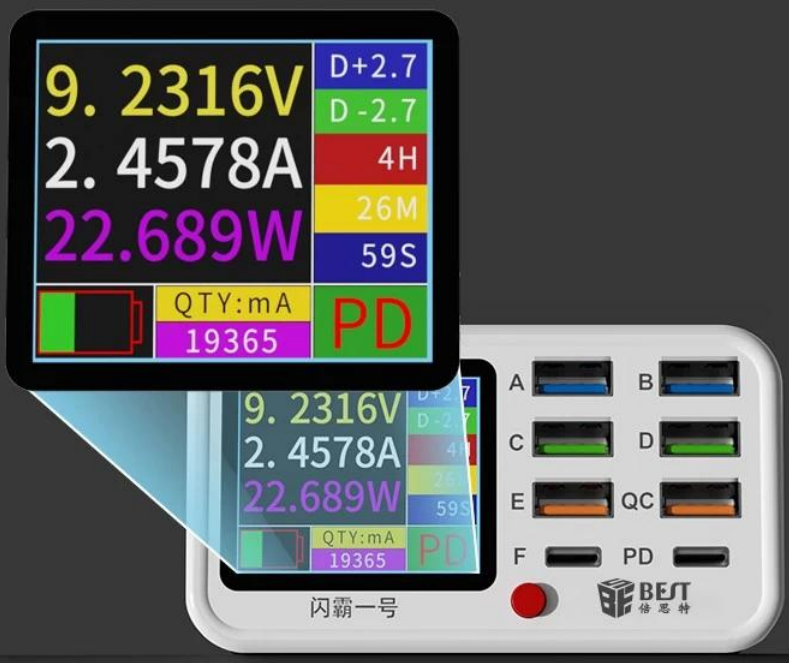


multifunctional Charger
Exquisite and compact
Portable
Real time display of color screen
Clear view of charging status

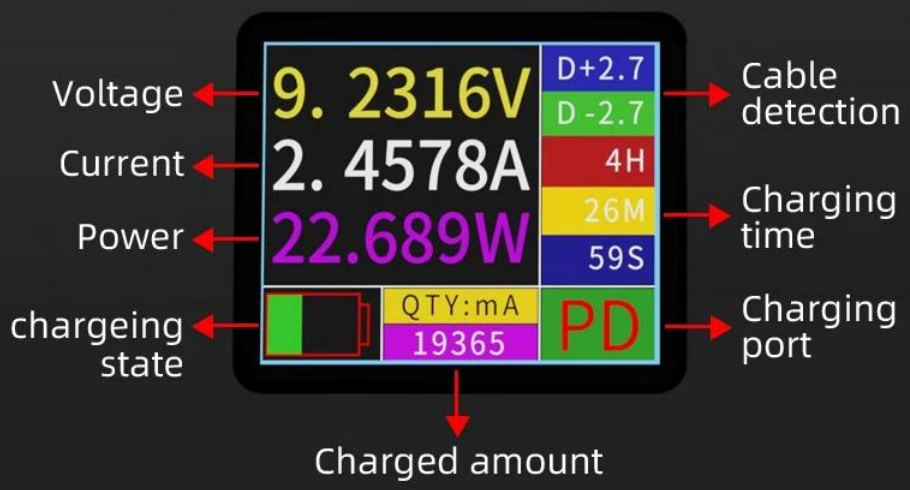
multifunctional Charger

LCD1.8 inch large color screen displays magnificence and brilliance

Real time display with color screen
Clear view of charging status



Data Details



multifunctional Charger

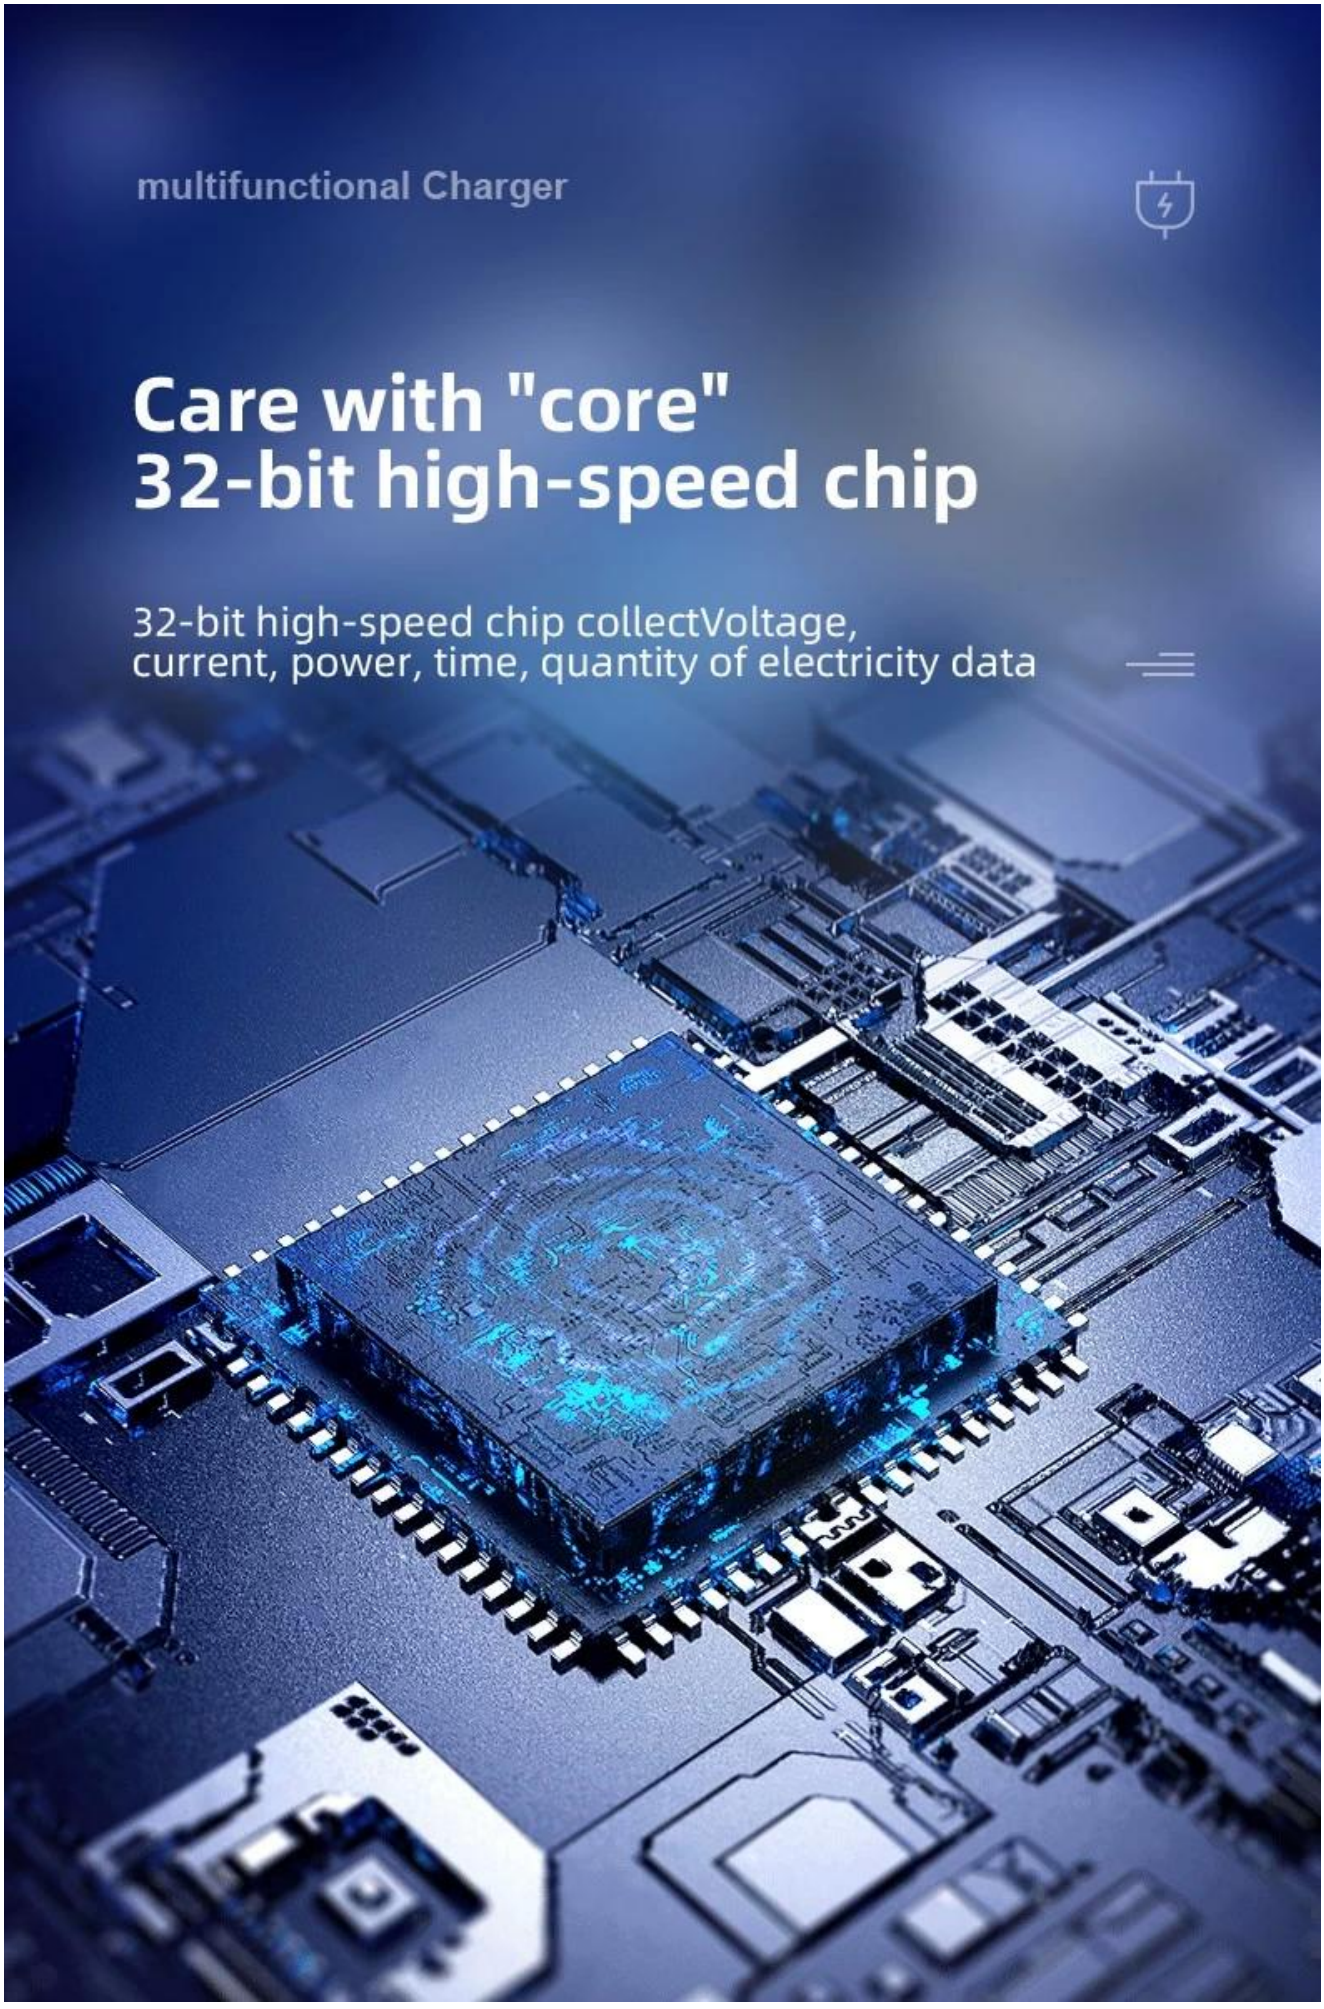
Charging without queuing
Simultaneous charging of multiple phones

Multiple phones
Simultaneously charging at high speeds
Charging without queuing

multifunctional Charger

Care with "core" 32-bit high-speed chip

32-bit high-speed chip collectVoltage, current, power, time, quantity of electricity data



Product parameters

Brand:	BEST
Model:	BST-S1
Input voltage:	110V~220V
Output voltage:	5V~12V
Maximum current:	13A
maximum power:	65W
Port maximum voltage:	12V
Single port maximum current:	5A
Volume:	98×88×54mm
Weight:	280g
