

SUPERCONDUCTING

# Stackable Banana Plug to Alligator Clip Test Leads

Superconducting  
transmission

High temperature  
resistant

All pure copper  
core

Wide range of  
applications

# Insulating Case

Silicone case wrapped, no leakage

# Bold copper wire cores

168pcs pure copper cores, fast transmission, stable current

# Product Details

4mm Banana Plug  
Pure copper nickel plated material

PVC material  
High voltage resistant

Anti-slip embossed  
Effort-saving plugging  
and unplugging

Connected jack

Withstand Current : 20A  
Safe Voltage : 2000V
