

Features

1. Gute Wärmeleistung
2. Lötspitze Größe sehr präzise
3. Bleifrei, Nehmen Zinn soomthly, Löten Lebensdauer mehr als 70000 Punkte
4. Zuverlässige Qualität von Übersee-Markt in Europa, Amerika, Asien, Mittlerer Osten und Afrika bewährt.

Specification

Material: Kupfer, Eisen, Nickel und Chrom

Models: 900M-TB 900M-T-0.8 D 900M-T-1.2D 900M-T-1.6D 900M-T-2.4D 900M-T1C
900M-T-2C 900M-T-3C 900M-T-4C 900M-TK 900M-T-IS 900M-TI

Description

Name :	Welding head	Model :	900M-T-1.6D
Brands :	BEST	Specification :	1.6D
Size :	41mm	Weight :	73.5g
Material :	Copper, iron, nickel and chromium		
Feature1 :	Oxygen-free copper material imported raw materials, thermal fast		
Feature2 :	Up and down the tin and smooth, stable performance after welding joints smooth, uniform		
Feature3 :	Take the tin and smooth, life over 70,000 solder joints		
Feature4 :	Overall use of special machinery and production process, the precise size		
Feature5 :	Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance		

Size

No. 900M-T-1.6D
