

Features

1. Buen rendimiento de calor
2. Tamaño de la punta de soldadura muy preciso
3. sin plomo, estaño Tome soomthly, vida útil de soldadura más de 70.000 puntos
4. Calidad confiable probado por el mercado extranjero en Europa, América, Asia, Oriente Medio y África.

Specification

Material: Cobre, hierro, níquel y cromo

Modelos: 900M-TB 900M-T-0.8D 900M-T-1.2D 900M-T-1.6D 900M-T-2.4D 900-T1C,900M-T-2C 900M-T-3C 900M-T-4C 900M-TK 900M-T-ES 900M-TI

Description

Name: Welding head

Model: 900M-T-SK

Brands: BEST

Specification: SK

尺寸: 41mm

Weight: 73.5g

Material: Copper, iron, nickel and chromium

Feature1: Oxygen-free copper material imported raw materials, thermal fast

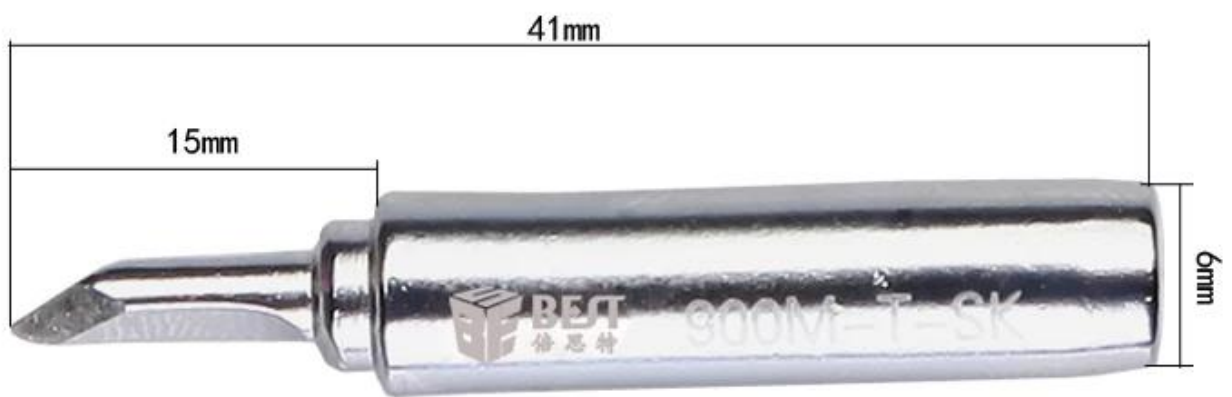

Feature2: Up and down the tin and smooth, stable performance after welding joints smooth, uniform

Feature3: Take the tin and smooth, life over 70,000 solder joints

Feature4: Overall use of special machinery and production process, the precise size

Feature5: Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance
