

## Features

1. Buen rendimiento de calor
2. Tamaño de la punta de soldadura muy preciso
3. sin plomo, estaño Tome soomthly, vida útil de soldadura más de 70.000 puntos
4. Calidad confiable probado por el mercado extranjero en Europa, América, Asia, Oriente Medio y África.

## Specification

**Material:** Cobre, hierro, níquel y cromo

**Modelos:** 900M-TB 900M-T-0.8D 900M-T-1.2D 900M-T-1.6D 900M-T-2.4D 900-T1C  
900M-T-2C 900M-T-3C 900M-T-4C 900M-TK 900M-T-ES 900M-TI

## Description

<b>Name :</b>	Welding head	<b>Model :</b>	900M-T-1.6D
<b>Brands :</b>	BEST	<b>Specification :</b>	1.6D
<b>Size :</b>	41mm	<b>Weight :</b>	73.5g
<b>Material :</b>	Copper, iron, nickel and chromium		
<b>Feature1 :</b>	Oxygen-free copper material imported raw materials, thermal fast		
<b>Feature2 :</b>	Up and down the tin and smooth, stable performance after welding joints smooth, uniform		
<b>Feature3 :</b>	Take the tin and smooth, life over 70,000 solder joints		
<b>Feature4 :</b>	Overall use of special machinery and production process, the precise size		
<b>Feature5 :</b>	Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance
