

ENTERPRISE INTRODUCTION

Shenzhen Jinliyang Technology Co., Ltd. is located in Shenzhen Special Economic Zone, with more than 20 years' history in tool industry. As a professional manufacturer and wholesaler of repairing tools for communication products, we can provide our customers with all solutions for electronics repairing and OEM is available. Our main products include power bank, screwdrivers, tweezers, soldering station, rework station, heat gun, DC power supply, opening tools kit for mobile phone, flux and so on.

Our company started with a small wholesale office in shenzhen China in 1995. With 20 years development in tools business, we have opened our own factory in shenzhen and built up a complete sales network from offline to online. As a tools manufacturer, we always focus on the quality of products and client experience. Meanwhile, as a tools wholesaler, in order to make sure our clients can get goods in short time, plenty of stock is must for us. Depending on quality products and the tenet of honesty and credit, we have established good long term business relationship with customers all over the world.

In order to improve our customers' trust and confidence, all of our products had through the ISO9001:2000 quality management system certification in 2006 September and had got "CE" and "ROHS" certificate. Welcome all the guest and businessmen across the world visit us and let's create a bright future together.

**BST-890C+ Digital Multimeter**

Display bit : 3 ½ bit	Screen size : 63×36mm
Accuracy : ±0.5%	Battery : 9V (6F22)
Weight : 327g	Size : 186×94×47mm
Inner packing size : 217×160×56mm	

Features:

1. Vibration cover, streamline design, comfortable feel.
2. Large screen display, clear fonts.
3. Metal shield plate, magnetic, strong anti-interference performance.
4. Full protection, anti-high voltage circuit design.
5. Self-recovery fuse protection circuit design.

BST-B830L Digital Multimeter

Display bit : 3 3/4 bit	Screen size : 40×32mm
Accuracy : ±0.5%	Battery : 9V (6F22)
Weight : 150g	Size : 145×61×34mm
Inner packing size : 205×145×40mm	

Features:

1. Vibration cover, streamline design, comfortable feel.
2. Large screen display, clear fonts.
3. Metal shield plate, magnetic, strong anti-interference performance.
4. Full protection, anti-high voltage circuit design.

BST-9205M Digital Multimeter

Display bit : 3 ½ bit	Screen size : 59×31mm
Accuracy : ±0.5%	Battery : 9V (6F22)
Weight : 330g	Size : 184×78×34mm
Inner packing size : 205×145×40mm	

Features:

1. Vibration cover, streamline design, comfortable feel.
2. Large screen display, clear fonts.
3. Metal shield plate, magnetic, strong anti-interference performance.
4. Full protection, anti-high voltage circuit design.

**BST-1501T DC regulated power supply**

Output voltage: 0-15V	Output current: 0-1.0A
Voltage accuracy: 0.1V	Current accuracy: 20mA
Weight: 1.9kg	Size: 205×140×200mm
Inner packing size: 270×140×220mm	

Features:

1. Total power foot, high stability and reliable quality.
2. With short circuit protection, automatic recovery function.
3. With voltage test function.
4. GSM mobile phone signal can be detected.

**BST-1502T DC regulated power supply**

Output voltage: 0-15V/0-5A	Output current: ≤0.5A/±2.0A
Voltage accuracy: 0.1V	Current accuracy: 50mA
Weight: 2.3kg	Size: 205×140×200mm
Inner packing size: 270×140×220mm	

Features:

1. Total power foot, high stability and reliable quality.
2. With short circuit protection, automatic recovery function.
3. With voltage test function and current mode options.
4. GSM mobile phone signal can be detected.

**BST-1501S DC regulated power supply**

Output voltage: 0-15V	Output current: 0-1.0A
Voltage accuracy: 0.1V	Current accuracy: 20mA
Weight: 1.3kg	Size: 74×140×136mm
Inner packing size: 180×90×150mm	

Features:

1. Total power foot, high stability and reliable quality.
2. With short circuit protection, automatic recovery function.
3. With error alarm function.
4. With RF detection function.

PS-A202D

PS-A302D

PS-A305D

PS-A602D

**BST-1502D+ DC regulated power supply**

Output voltage: 0-15V	Output current: 0-2.0A
Voltage accuracy: 0.1V	Current accuracy: 10mA
Weight: 1.6kg	Size: 131×184×151mm
Inner packing size: 240×135×165mm	

功能介绍/Features:

1. Total power foot, high stability and reliable quality.
2. With short circuit protection, automatic recovery function.
3. Can be on-off test.
4. Can detect GSM, CDMA, PHS RF signal.

**BST-1502DD DC regulated power supply**

Output voltage: 0-15V	Output current: 0-2.0A
Voltage accuracy: 0.1V	Current accuracy: 10mA
Weight: 1.0kg	Size: 125×175×145mm
Inner packing size: 240×135×165mm	

Features:

1. Total power foot, high stability and reliable quality.
2. With short circuit protection, automatic recovery function.
3. With voltage test function.
4. Can accurately display the current adjustment data.

**BST-1502DE DC regulated power supply**

Output voltage: 0-15V	Output current: 0-2.0A
Voltage accuracy: 0.1V	Current accuracy: 10mA
Weight: 1.8kg	Size: 205×140×200mm
Inner packing size: 270×140×220mm	

Features:

1. Can be on-off test.
2. With short circuit protection, automatic recovery function.
3. With error alarm function.
4. Can detect GSM, CDMA, PHS RF signal.
5. With USB and 9V output port.

**BST-854A Vacuum LCD Separator**

Voltage : AC 110V/220V	Material : Aluminium
Weight : 4.05kg	Size : 175*300*90mm

Features:

1. Microcomputer control temperature precisely, higher performance and efficiency.
2. 7 inch aluminum heating plate, warming faster, more uniform heating.
3. 4 efficient fixtures, humanized design meticulously, more intimate, more practical.
4. Support all below 7 inch screen of mobile phone of Samsung / apple / HTC and other brands.

**BST-855A Vacuum LCD Separator**

Voltage : AC 110V/220V	Material : Aluminium
Weight : 3.24kg	Size : 160*270*110mm

Features:

1. Integrated vacuum separator, without clips, super suction, vacuum separation directly.
2. Airframe adopt imported pump, mounted on separator fuselage directly, without refueling.
3. The machine adopts accurate RKC temperature controller, with repair work lamp.
4. Support all below 7 inch screen of mobile phone of Samsung / apple / HTC and other brands.

**BST-856A Vacuum LCD Separator**

Voltage : AC 110V/220V	Material : Aluminium
Weight : 4.25kg	Size : 160*295*80mm

Features:

1. The machine with UV curing light (4 tubes).
2. Microcomputer control temperature precisely, higher performance and efficiency.
3. 7 inch aluminum heating plate, warming faster, more uniform heating.
4. 4 efficient fixtures, humanized design meticulously, more intimate, more practical.
5. Support all below 7 inch screen of mobile phone of Samsung / apple / HTC and other brands.

**BST-865A Vacuum LCD Separator with soldering iron**

Voltage : AC 110V/220V	Material : Aluminium
Weight : 7.33kg	Size : 360*295*120mm

Features:

1. Integrated vacuum separator, without clips, super suction, vacuum separation directly.
2. Airframe adopt imported pump, mounted on separator fuselage directly, without refueling.
3. The machine adopts accurate RKC temperature controller, with repair work lamp.
4. Support below 10 inch screen of all mobile phones or Tablet PC.

Portable Intelligent Hot air gun

Product Description

- ◆ Portable design, small volume, convenient carrying, simple operation.
- ◆ The power plug has ground three leg socket to ensure ground well. The environment temperature can be used is 0-40°C, the humidity <90%, there is no space for inflammable air.
