

Features

1. Bonne performance de chaleur
2. Taille de soudure de pointe très précis
3. sans plomb, l'étain Prenez soomthly, souder la durée de vie de plus de 70 000 points de
4. La qualité fiable prouvé par marché à l'étranger en Europe, en Amérique, Asie, Moyen-Orient et en Afrique.

Specification

Matériel: Cuivre, le fer, le nickel et le chrome

Modèles: 900M-TB 900M-T-0.8d 900M-T-1.2D 900M-T-1.6D 900M-T-2.4D 900M-T1C,900M-T-2C 900M-T-3C 900M-T-4C 900M-TK 900M-T-EST 900M-TI

Description

Name: Welding head

Model: 900M-T-SK

Brands: BEST

Specification: SK

尺寸: 41mm

Weight: 73.5g

Material: Copper, iron, nickel and chromium

Feature1: Oxygen-free copper material imported raw materials, thermal fast

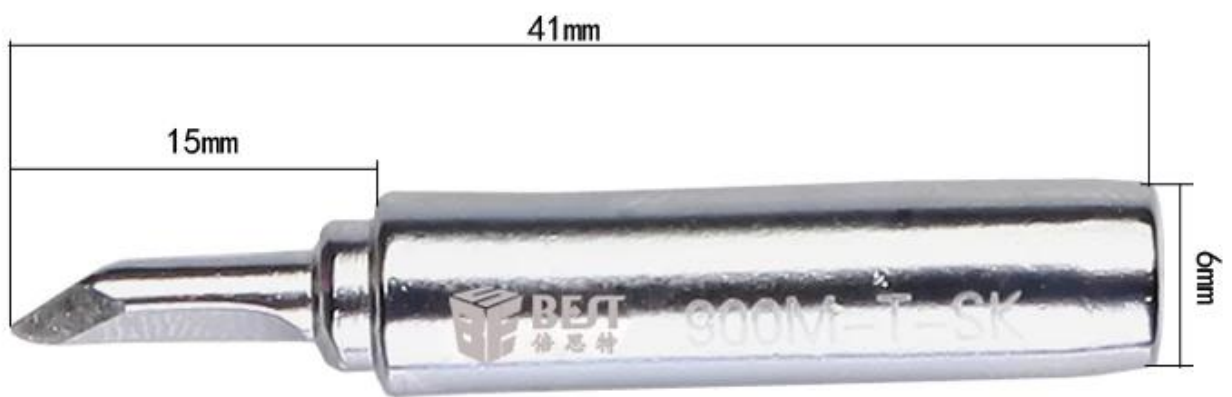

Feature2: Up and down the tin and smooth, stable performance after welding joints smooth, uniform

Feature3: Take the tin and smooth, life over 70,000 solder joints

Feature4: Overall use of special machinery and production process, the precise size

Feature5: Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance
