PRODUCT DETAILS

Using high-precision equipment,
laser type

304 high quality stainless steel
hardness up to HRC45.
Anti-rust, anti-corrosion,
impact resistance.

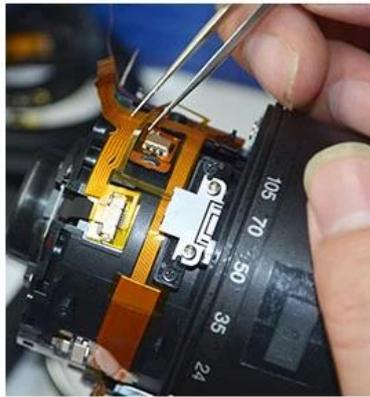

Brands with models

Smooth seamless.
Curved head design.
Suitable for operation in a small space.

Applicable to PCB semiconductor, photovoltaic, microelectronics, aerospace, automobile manufacturing.
Research institutes, jewelry and so on.

Precise maintenance

Maintenance disassembly

Folder jewelry

Phone Repair

Circuit board

Beauty industry

PRODUCT PHOTOGRAPH

High quality stainless steel forging, indicating polishing processing, ear resistance, high temperature and corrosive characteristics, suitable for different operating conditions.
