

Features

1. Buona prestazione di calore
2. Formato di punta di saldatura molto preciso
3. senza piombo, Take latta soomthly, durata saldatura più di 70000 punti
4. Qualità certa dimostrato dal mercato estero in Europa, America, Asia, Medio Oriente e Africa.

Specification

Materiale: Rame, ferro, nichel e cromo

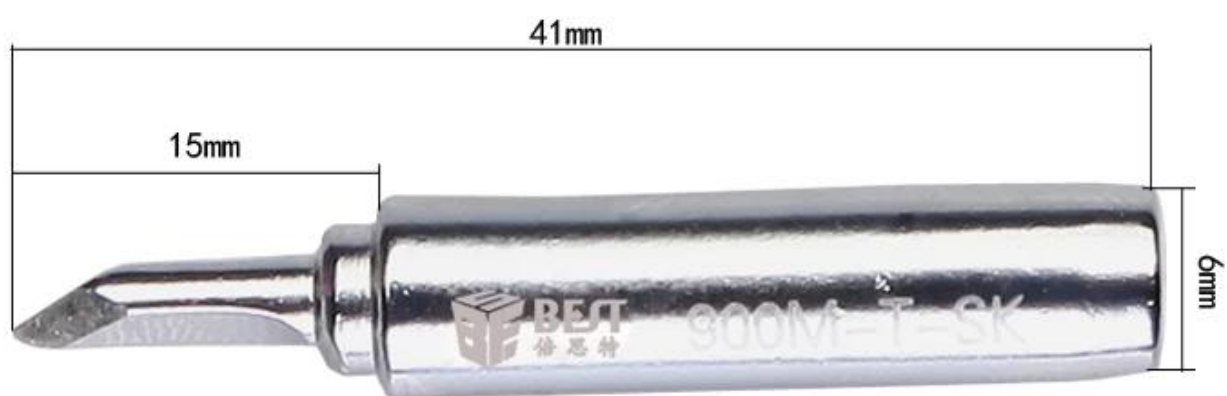

Modelli: 900M-TB 900M-T-0.8D 900M-T-1.2D 900M-T-1.6D 900M-T-2.4D 900M-T1C,900M-T-2C 900M-T-3C 900M-T-4C 900M-TK 900M-T-IS 900M-TI

Description

Name:	Welding head	Model:	900M-T-SK
Brands:	BEST	Specification:	SK
尺寸:	41mm	Weight:	73.5g
Material:	Copper, iron, nickel and chromium		
Feature1:	Oxygen-free copper material imported raw materials, thermal fast		
Feature2:	Up and down the tin and smooth, stable performance after welding joints smooth, uniform		
Feature3:	Take the tin and smooth, life over 70,000 solder joints		
Feature4:	Overall use of special machinery and production process, the precise size		
Feature5:	Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance
