

Description

Name:	Welding head	Model:	900M-T-3.2D
Brands:	BEST	Specification :	3.2D
Size:	41mm	Weight:	73.5g
Material:	Copper, iron, nickel and chromium		
Feature1:	Oxygen-free copper material imported raw materials, thermal fast		
Feature2:	Up and down the tin and smooth, stable performance after welding joints smooth, uniform		
Feature3:	Take the tin and smooth, life over 70,000 solder joints		
Feature4:	Overall use of special machinery and production process, the precise size		
Feature5:	Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance
