HOT AIR GUN SOLDERING STATION

Rapid temperature rise

—
ACCURATE TEMPERATURE CONTROL

Four characteristics

• • •

Automatic sleep

Exact temperature

Heat up quickly

ceramic heating element

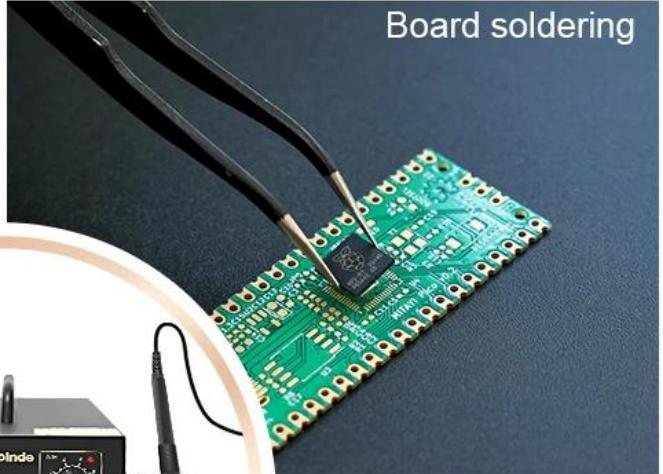

Scope of use

• • •

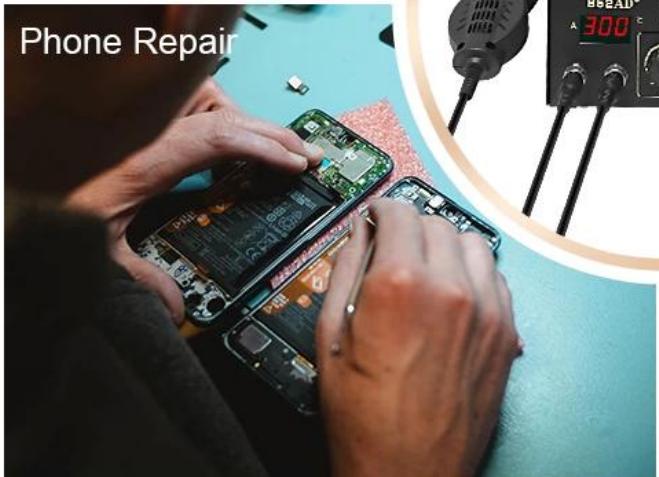

Appliance Repair

Board soldering

Phone Repair

Heat shrinkable tube

Simultaneous use of hot air gun and soldering station

rapid heating
Durable and smart

HEAT GUN

100°C~450°C

SOLDERING STATIONS

200°C~480°C

Model	SLD-852AD+
Product name	Hot air station
Power	600w
Weight	5kg
Input voltage	220VAC 50/60Hz
heat gun temperature	100°C ~ 450°C
Soldering station temperature	200°C ~ 480°C
Airflow	≈160cm/s
Air volume gear	A25~A99
ambient temperature	0°C ~40°C
Machine size	L185*W245*H125mm
Package Size	L265*W165*H155mm
