

- 1. 99.9 % pure copper, 0.1% silver.
- 2. Good conductivity
- 3. No lead

# PURE COPPER SOLDERING TIP

Pure copper

Environmental protection

Electroless plating

Non-magnetic welding

## Product Usage

MODEL	C900M-T
WEIGHT	20.7g
PRODUCT TYPE	Pure copper solderin tip
PACKAGE SIZE	7.3 X 5 CM
MATERIAL	Pure copper

### ▼ CHARACTERISTICS

The tip is designed to weld the horn to the plastic. High-purity copper, non-magnetic welding, more environmentally friendly and convenient to use.
