## Description

<b>Name:</b>	Soldering wire	<b>Brand:</b>	BEST
<b>Ingredient:</b>	60% Tin, 40% lead	<b>Weight:</b>	500g
<b>Melting:</b>	183-190 (°C)	<b>Temperature:</b>	280-320 (°C)
<b>Specification:</b>	Φ0.5mm、0.6mm、0.8mm、1.0mm		
<b>Features1:</b>	Good wetting, good solderability.		
<b>Features2:</b>	Fewer impurities, the proliferation of good adhesion		
<b>Features3:</b>	Less smoke, less spatter, environmentally friendly products		
<b>Features4:</b>	Increase production speed.Reduce production costs		
<b>Features5:</b>	To welding-intensive printed circuit board.		

Size
