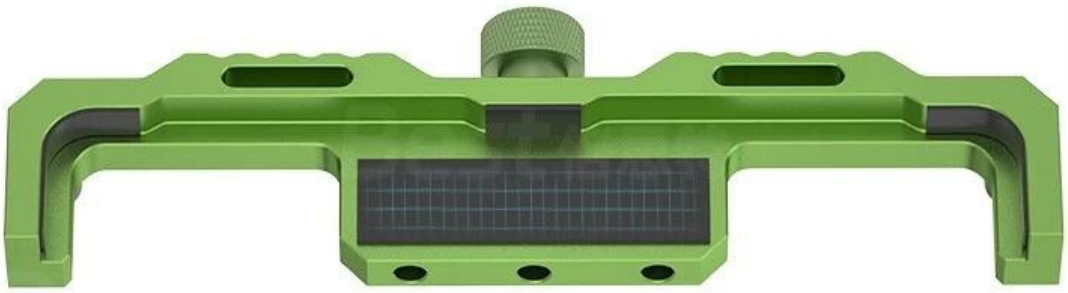
Side hanging fixture
Mobile phone screen side hanging suction cup fixture
BST-KB5

4 Advantages

Without damage



Side hanging

Widely applicable

Fixed and stable

Side hanging fixture

improve work efficiency

During maintenance, fix the screen on the suction cup by hanging it on the side.

With sponge protection

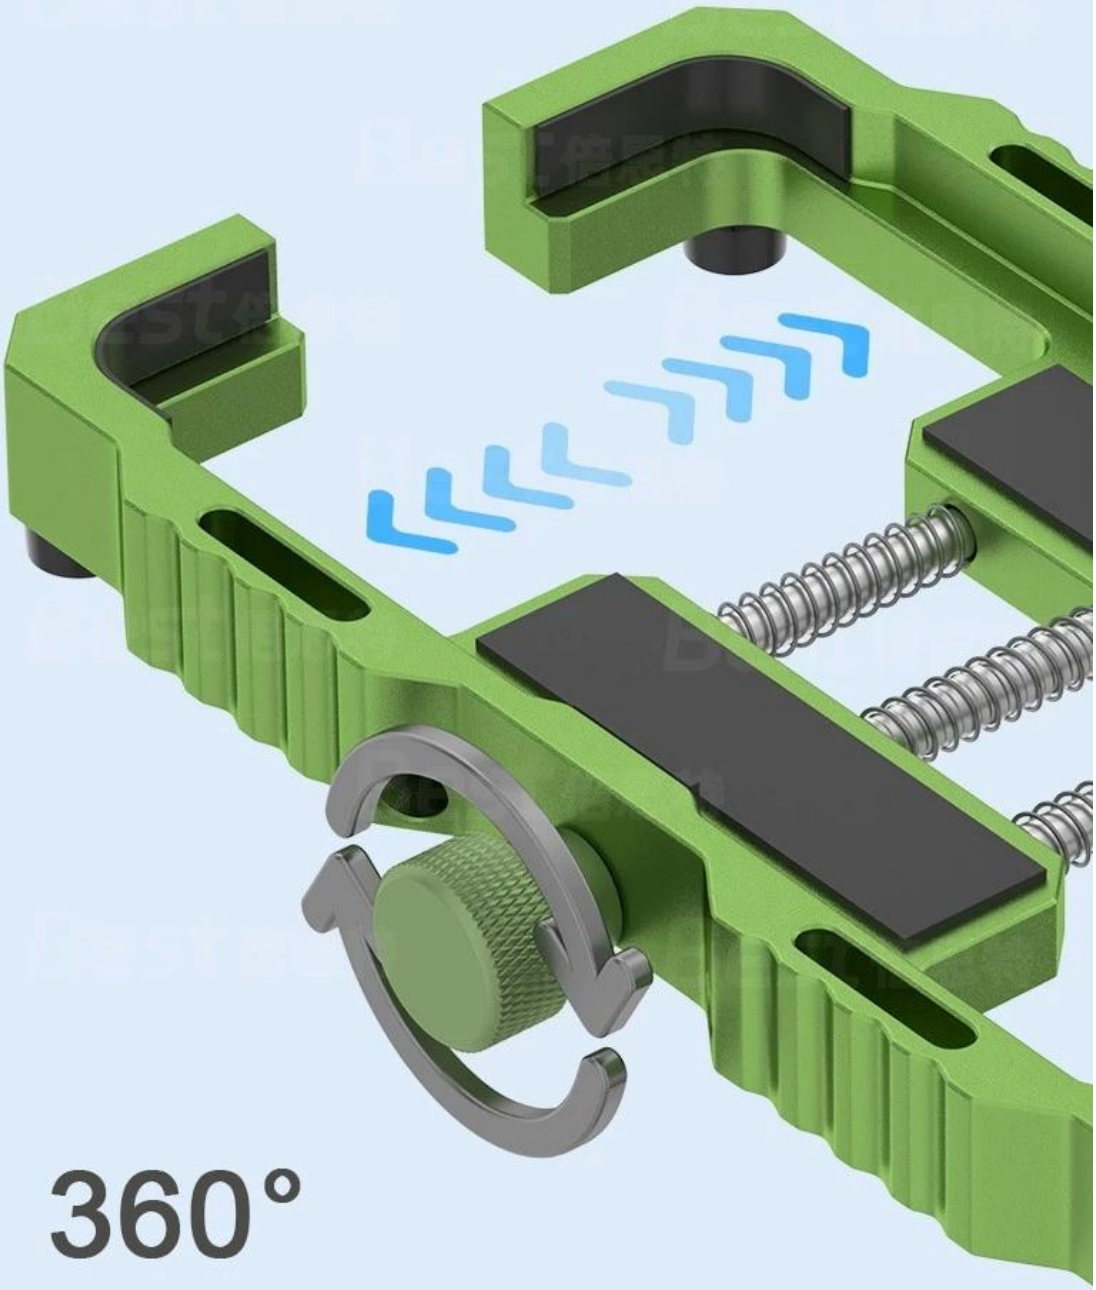
Not damaging the side

There are silicone pads and sponge protection around and at the bottom, to prevent damage to the side of the phone and avoid secondary repairs.

Adjusting knob

Free control of elasticity

Rotate the knob to secure the phone and adjust the width to fit 99% of mobile phones

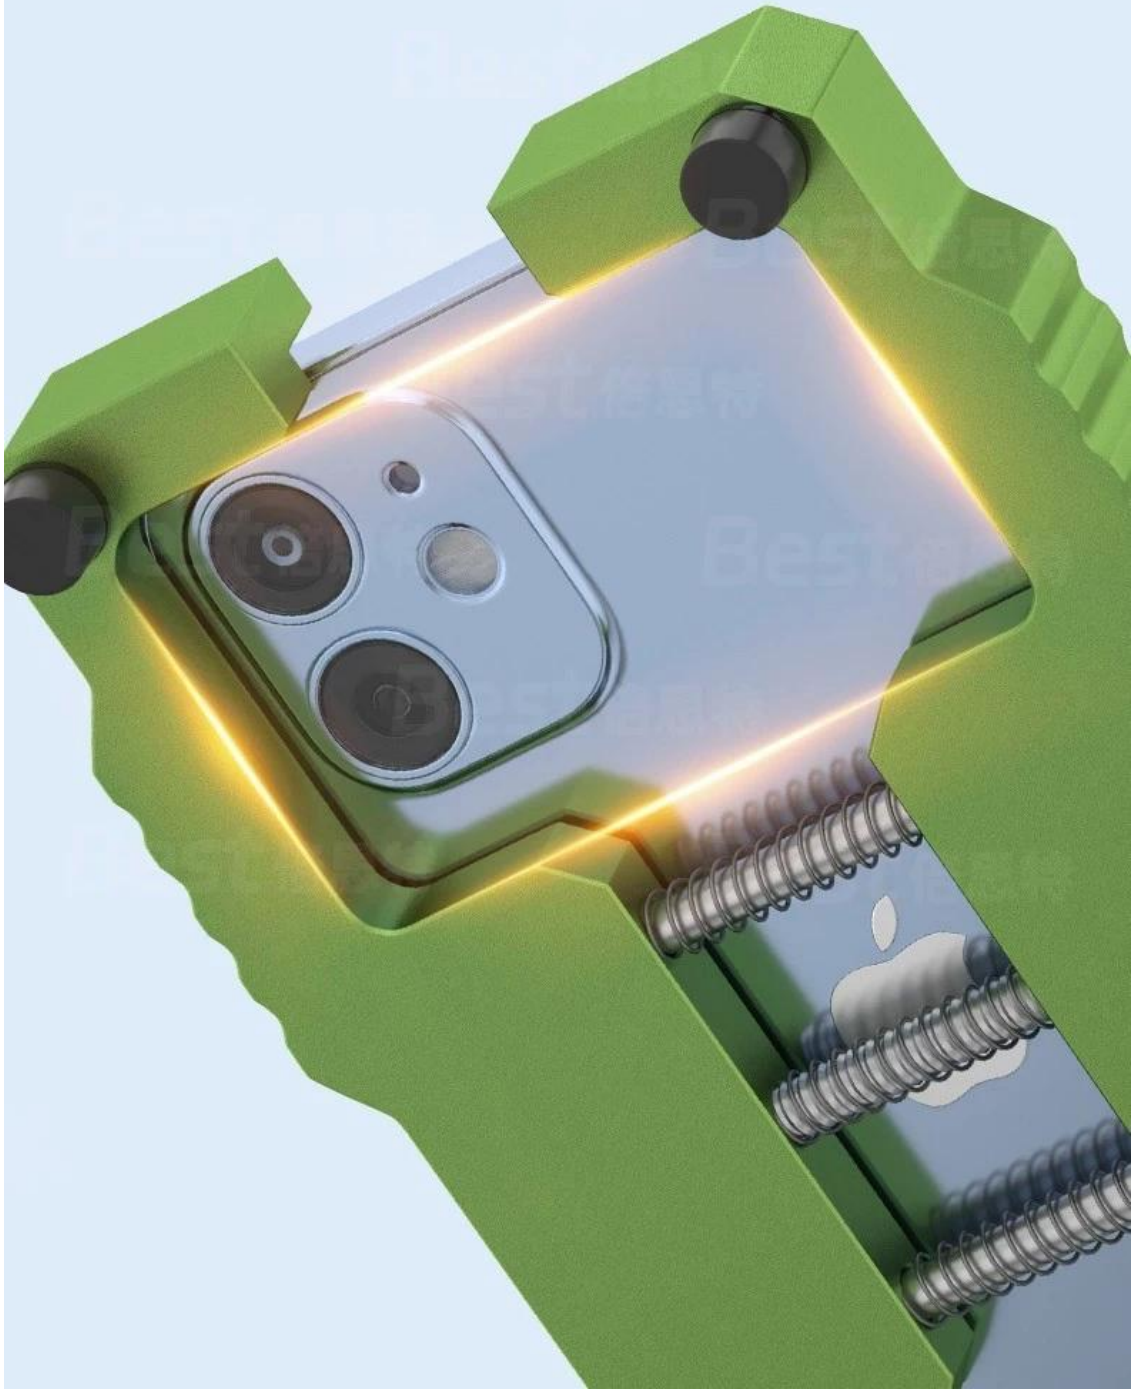


360° Rotation

Hollow out design

Avoid damaging the camera

The central hollow design protects the rear camera and prevents damage to the camera during repair.



Vacuum suction cup

Stably fix the screen

Made of environmentally friendly and high-quality PVC material, not easily deformed.

Fixed mobile phone screen

Complete it in four steps

The operation is simple, and it is easy to use.

1 Adjust the fixture

2 Fixed the phone

3 Insert suction cup

4 Capture the screen
