

The tips are for horns and plastic
1.99.9% pure copper ,long life.
2.Good heat conduction, heat fast
3.Environmental friendly

PURE COPPER SOLDERIN TIP

Pure copper

Environmental protection

Electroless plating

Non-magnetic welding

Product Usage

MODEL	C900M-T
WEIGHT	20.7g
PRODUCT TYPE	Pure copper solderin tip
PACKAGE SIZE	7.3 X 5 CM
MATERIAL	Pure copper

▼ CHARACTERISTICS

The tip is designed to weld the horn to the plastic. High-purity copper, non-magnetic welding, more environmentally friendly and convenient to use.

HIGH PURITY COPPER

NON-MAGNETIC WELDING

DEDICATED TO WELDING HORNS/PLASTICS
