

HEAT-RESISTANT

# Aluminium alloy working mat

BST-001B+

## Product Usage

Model NO.	BST-001B+
Name	Working mat
Material	Aluminum alloy + Silica gel
G.W.	3.15kg
Size	425*320mm

## Suitable for various maintenance scenarios

Can withstand high temperature of 500° C

It can store all kinds of disassembled small parts

All kinds of groove  
Applicable to all types of tools
