

Syringe-type Plastic booster rod

Plug and play

Lightweight | Comfortable grip

Six characteristics

Precise dosage control

Comfort and labor-saving

Universal injection booster

Plug and Play

Lightweight and convenient

ABS

ABS plastic

Applicable scope

Suitable for needle type flux oil, tin paste, curing green oil

Plug and play convenient and fast

Plastic material, sturdy and lightweight, with low push-out resistance, easy to control

Ergonomic Design

Small and lightweight, the handle is ergonomically designed,
Comfortable grip to improve work efficiency.

Usage instructions

1. Open the lid by turning it counterclockwise

2. Install the appropriate needle

3. Open the end cap of the syringe barrel

Note: The white rubber stopper in the syringe cannot be removed.

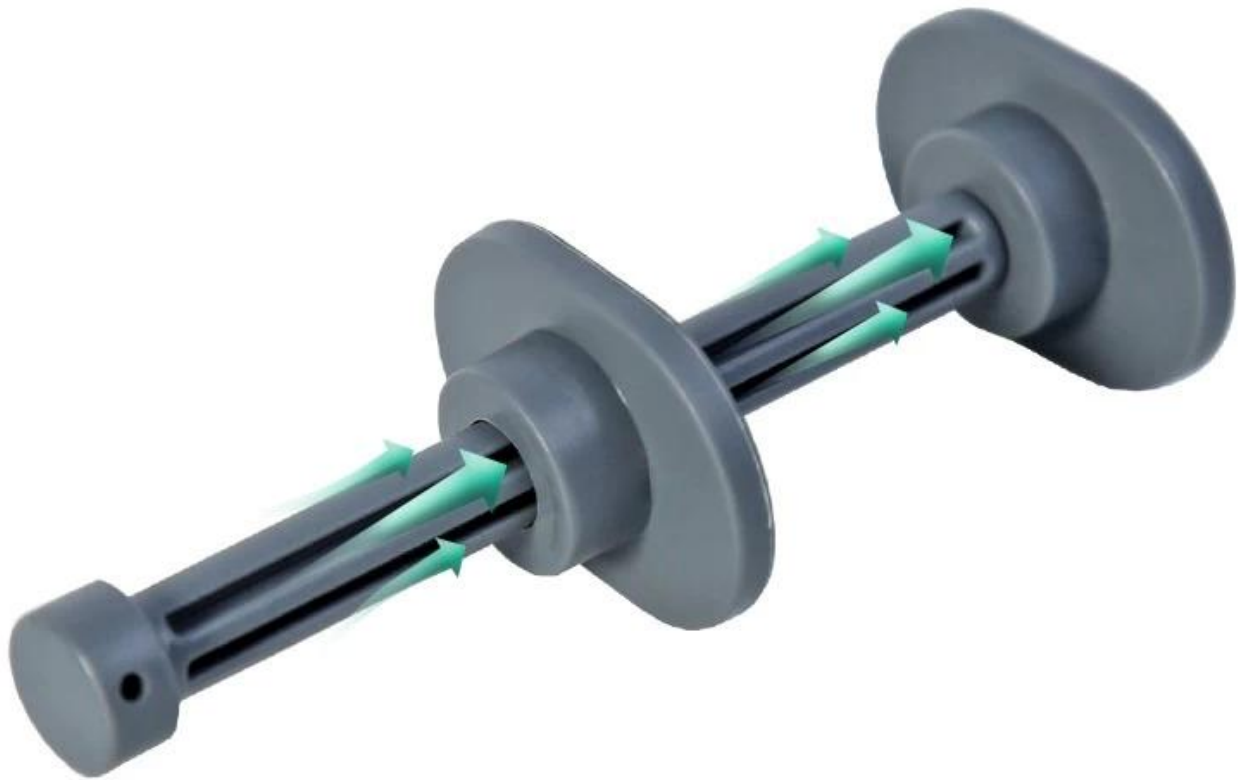

4. Install the booster rod, push it to use

Comfortable and labor-saving

The push rod exhaust hole design reduces the air resistance in the syringe,
More comfortable and labor-saving, more precise control.
