

Features

- 1) The batter capacity reach 900mAH.
- 2) LED light save energy and illuminate long time
- 3) Protection Cover for keep the magnifying Lamp free from dust
- 4) illuminate/check money funtion select set"I"for illuminate,set"II"for check money.

Application: Electronics, chemical industries, publishing and printing ,stamp collecting ,biological sample making ,quinary alloy or jewelry manufacturing,reading ,etc

Specification

Lens size: 90 mm, 25 mm

Diopter : 3 D, 8 D

Input voltage: AC 220 V-240 V 50-60hz

Power:3.5W

Light source: fluorescent tubes

Intensity of illumination: 1100 Lux

产品描述

Catelogy:	Desk lamp magnifying glass	Model:	BST-308
Lens:	Glasses	Lens size:	5.5mm
Diopter:	5D	Voltage:	110V/220V 50-60HZ
Power:	0.5W	Light source	LED (11 LED lamp beads)
illuminance:	208Lux	Life:	5000hours
Body material:	Metal tube	Base material:	ABS
Body lenght	37.5cm	N.W:	380g/unit
Package size	14*11.5*14cm	G.W.:	455g/unit
