

FLASH CHARGER NEW ERA FASTER AND MORE PROFESSIONAL

Support PPS/ PD/QC/ AFC/ FCP/SCP/ PE/ SFCP and other fast charge protocols

POWERFUL VISUAL CHARGER

Support Apple/Huawei/Samsung mobile phone fast charging: 8 are fast charging port +1 15W wireless charging, each fast charging port maximum 100W, 5~20V-5A output

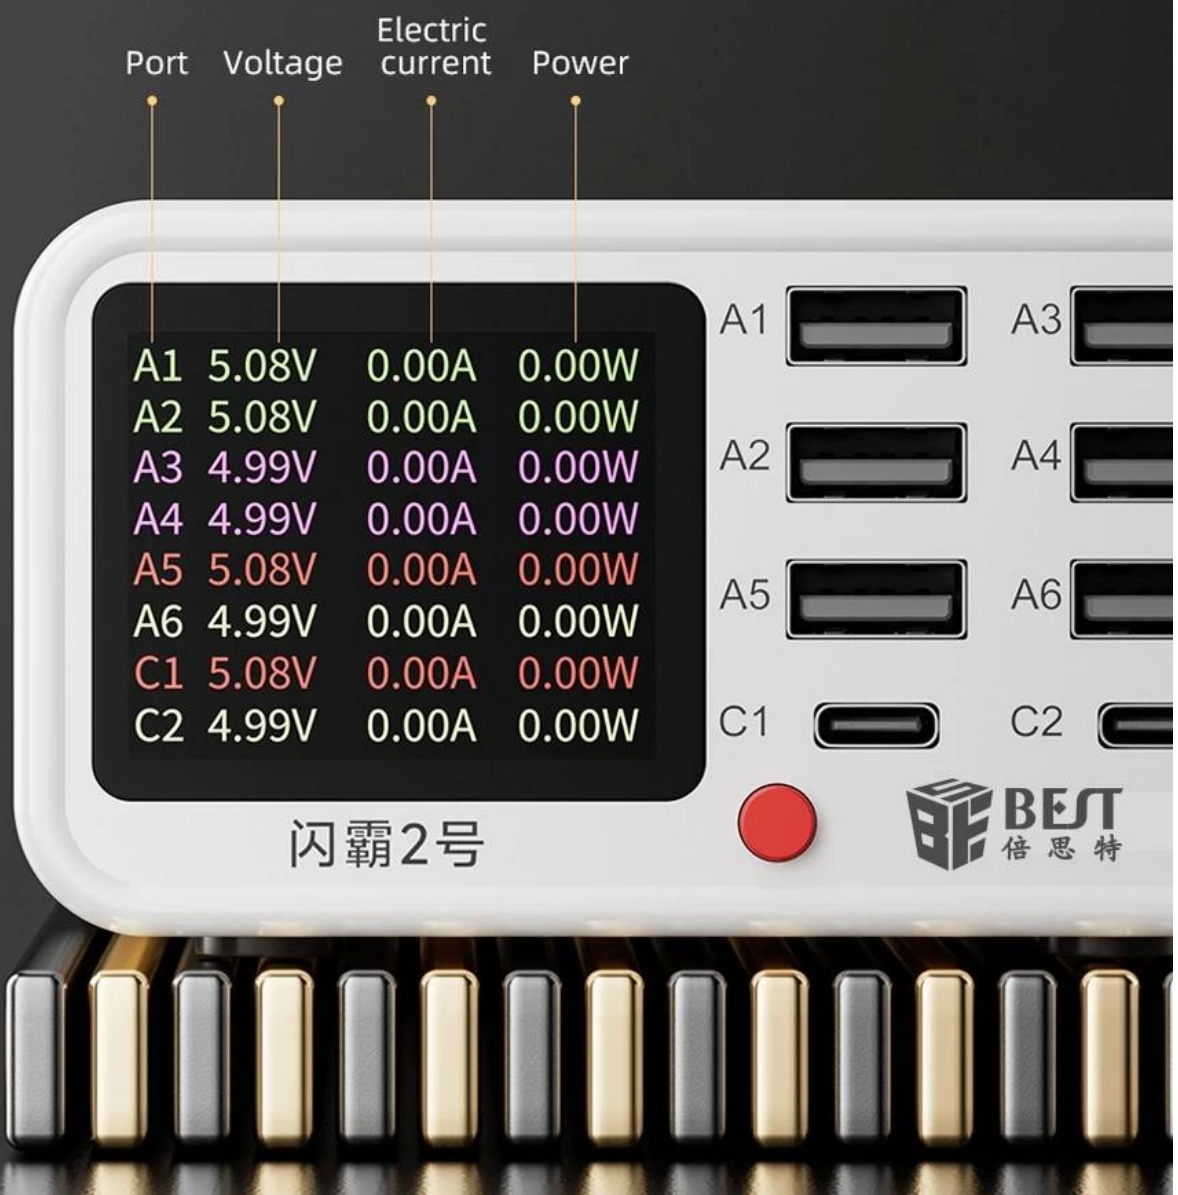

HEAT DISSIPATION DOES NOT GET HOTGOOD HEAT DISSIPATION CHANNEL

Built-in 3 NTC overtemperature protection, real
short circuit protection, safe charging.

FLASHING IDENTIFICATION AT A GLANCE

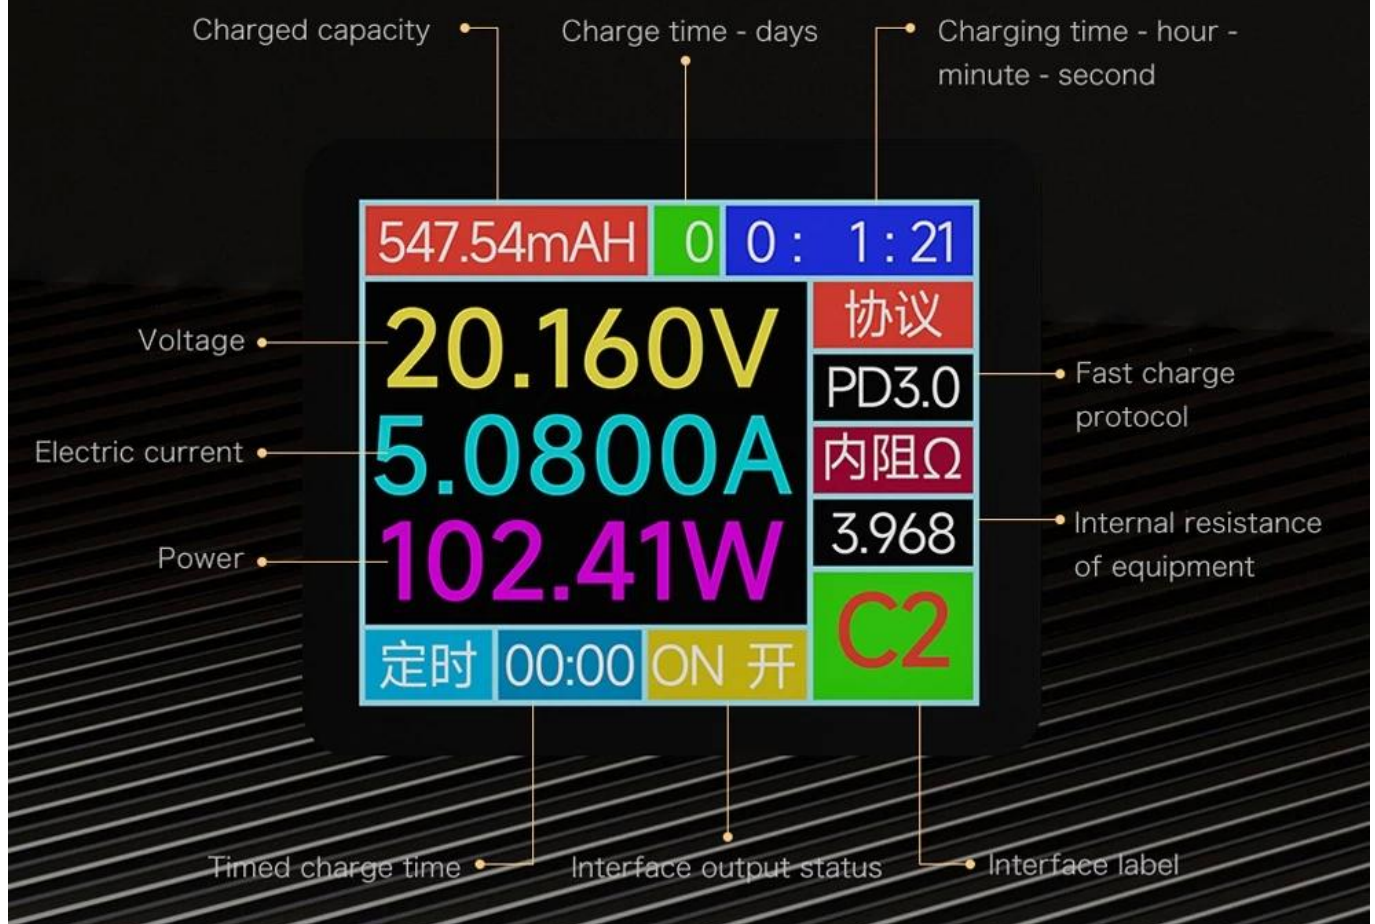

The device has 8 high-current charging ports, which
can see the current of the interface at a glance

1.8 "LARGE COLOR SCREEN REAL-TIME DISPLAY

Unique fast charging device protocol detection display function,
charging protocol is clear

Differential circuit, higher detection accuracy

EIGHT FAST CHARGING STATIONS FOR DEVICES

Perfect support for Apple, Huawei, Xiaomi, Samsung and other brands of mobile phones, tablets, laptops and other fast charging

UPGRADED 15W WIRELESS FAST CHARGING

Say goodbye to the wires, charge freely, mobile phone
always have power

SECURELY UNLOCK THE SMART FAST CHARGE

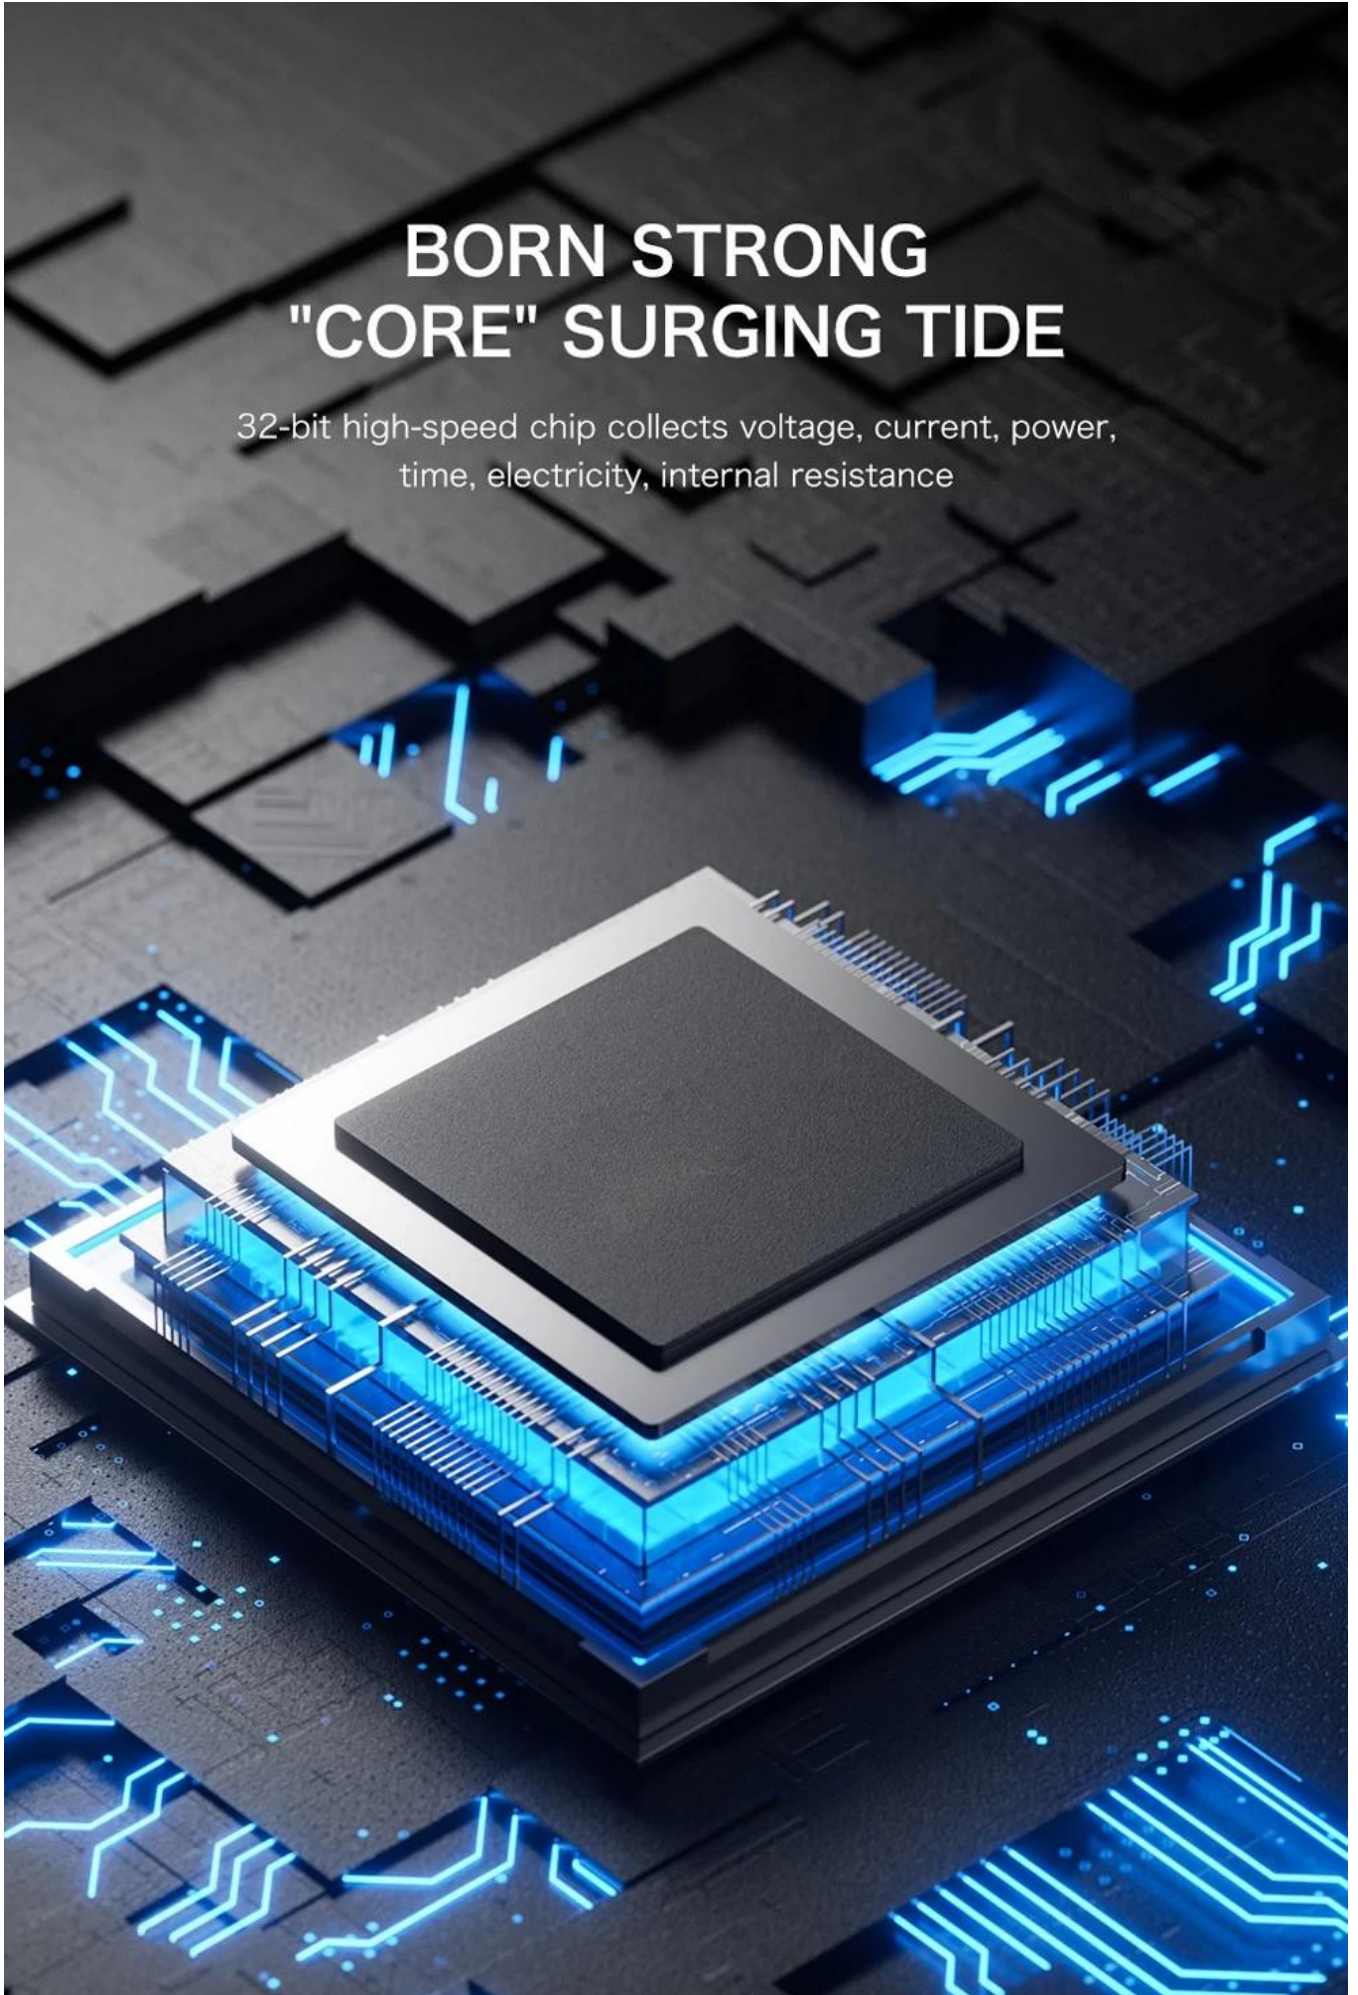

Power up to 800W after secure unlocking (use your own power supply board), default maximum 220W

220W/800W

BORN STRONG "CORE" SURGING TIDE

32-bit high-speed chip collects voltage, current, power,
time, electricity, internal resistance

FUNCTION SUPPORT FREE SETTINGS

Periodic charging | adjustable backlight |
sleep switch | clear mode

No space, can be separated power cord, suitable for a
variety of environments and plug

Press and hold the key. When the function to be set is displayed, release the
key to enter the corresponding setting. Click the key to switch the setting, and
hold down for 1 second to save and exit

charging

PRODUCT INFORMATION

Product Name

Visual USB Charger

Model number

BST-S2

Input voltage

110V-220V

Output voltage

5~20V-5A

Maximum current

12A

PD power

MAX. 100W

Port
maximum voltage

20V

Maximum
current of a single port

5A
