Parameters

Product Type	Expansion Dock Interface Cable
Product Model	BST-090-JP
Material	Copper+Silicone+PVC+ABS
Safe Voltage	2000V 20A
Dock Size	33*27*20mm
Plug Size	4.0*44mm
Wire Length	8.5cm/80cm/40cm/40cm
Package Size	120*200mm
G. W.	100g
Accessories	Expansion dock*1, 80cm banana test line*1, 40cm banana test line*2

Product Dimension

...

Environmental soft silicone

Not easy to break, good toughness, strong tensile strength

Heat and cold resistance

--

Expansion dock usage display

One to four adapter, bidding farewell to the messy wires on the desktop,
easier to use one handed testing

A single test lead can trigger the motherboard to start up
