

Features

1. Bom desempenho de calor
2. Tamanho da ponta de solda muito preciso
3. sem chumbo, estanho Tome soomthly, vida útil de solda mais de 70 mil pontos
4. A qualidade de confiança provado por mercado no exterior em Europa, América, Ásia, Oriente Médio e África.

Specification

Material: Cobre, ferro, níquel e cromo

Modelos: 900M-TB 900M-T-0.8D 900M-T-1.2d 900M-T-1.6D 900M-T-2.4D 900M-T1C,900M-T-2C 900M-T-3C 900M-T-4C 900M-TK 900M-T-IS 900M-TI

Description

Name: Welding head

Model: 900M-T-SK

Brands: BEST

Specification: SK

尺寸: 41mm

Weight: 73.5g

Material: Copper, iron, nickel and chromium

Feature1: Oxygen-free copper material imported raw materials, thermal fast

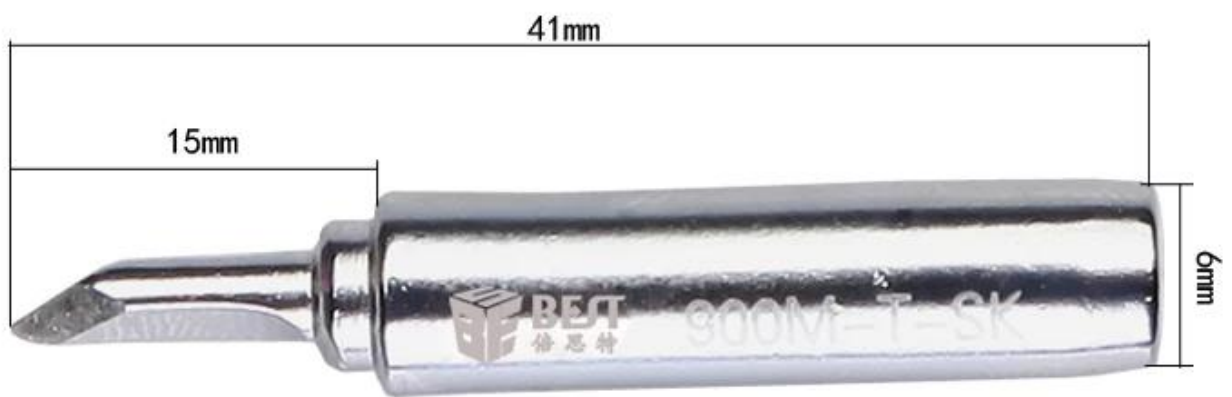

Feature2: Up and down the tin and smooth, stable performance after welding joints smooth, uniform

Feature3: Take the tin and smooth, life over 70,000 solder joints

Feature4: Overall use of special machinery and production process, the precise size

Feature5: Electroplating using advanced nanotechnology, with superior corrosion, oxidation resistance
