

HIGH TOUGHNESS

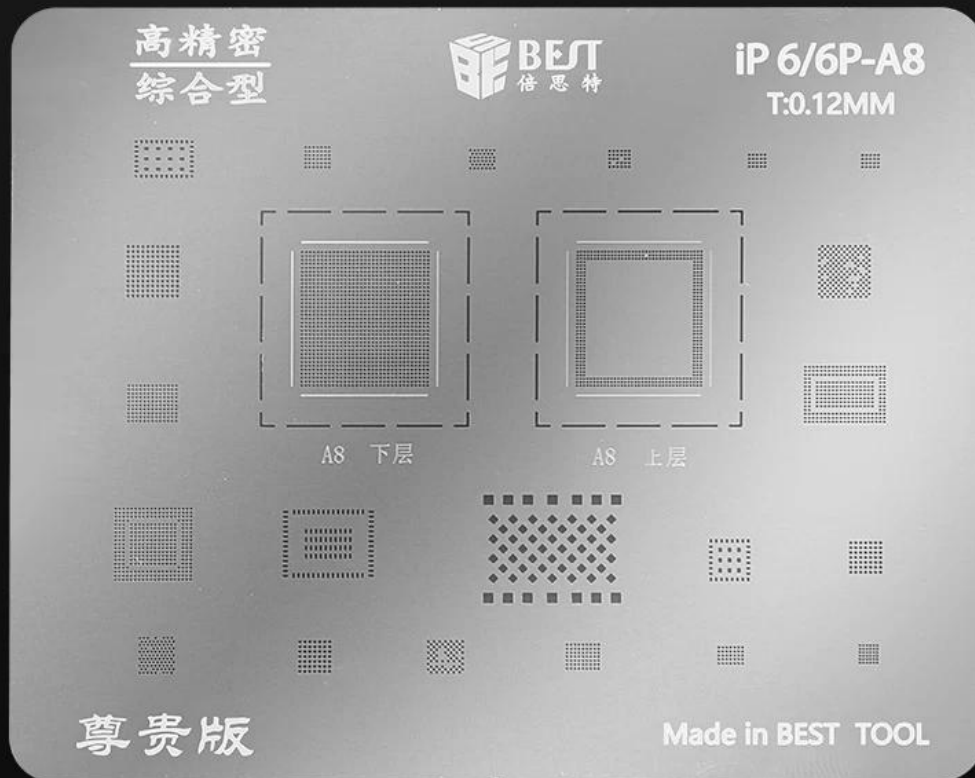

# BGA IC

## Soldering Reballing Stencil

### iP 6/6P-A8

Strong magnetic steel

Strong magnetic steel

Effectively reduce swelling

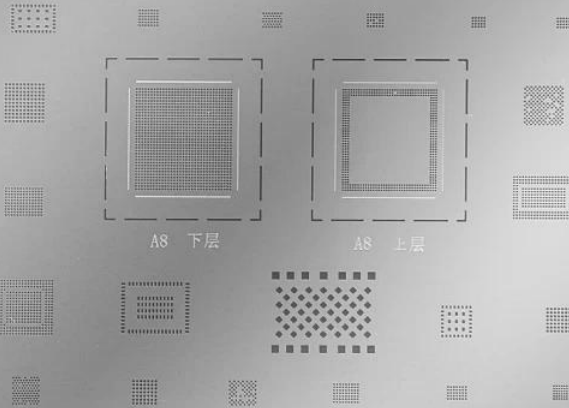

700°C

高精度  
综合型

IP 6/6P-A8  
T:0.12MM

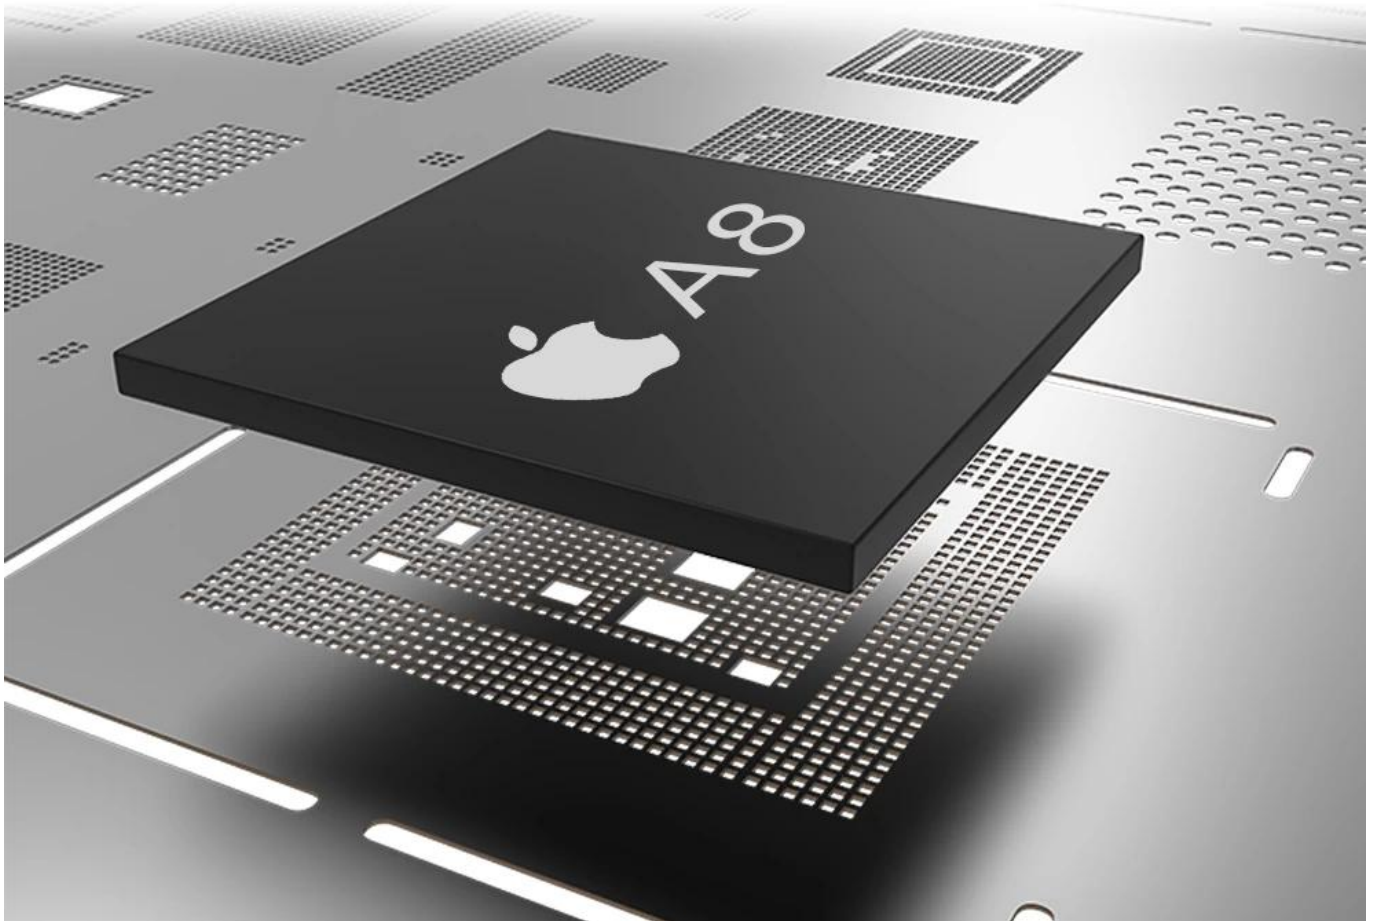

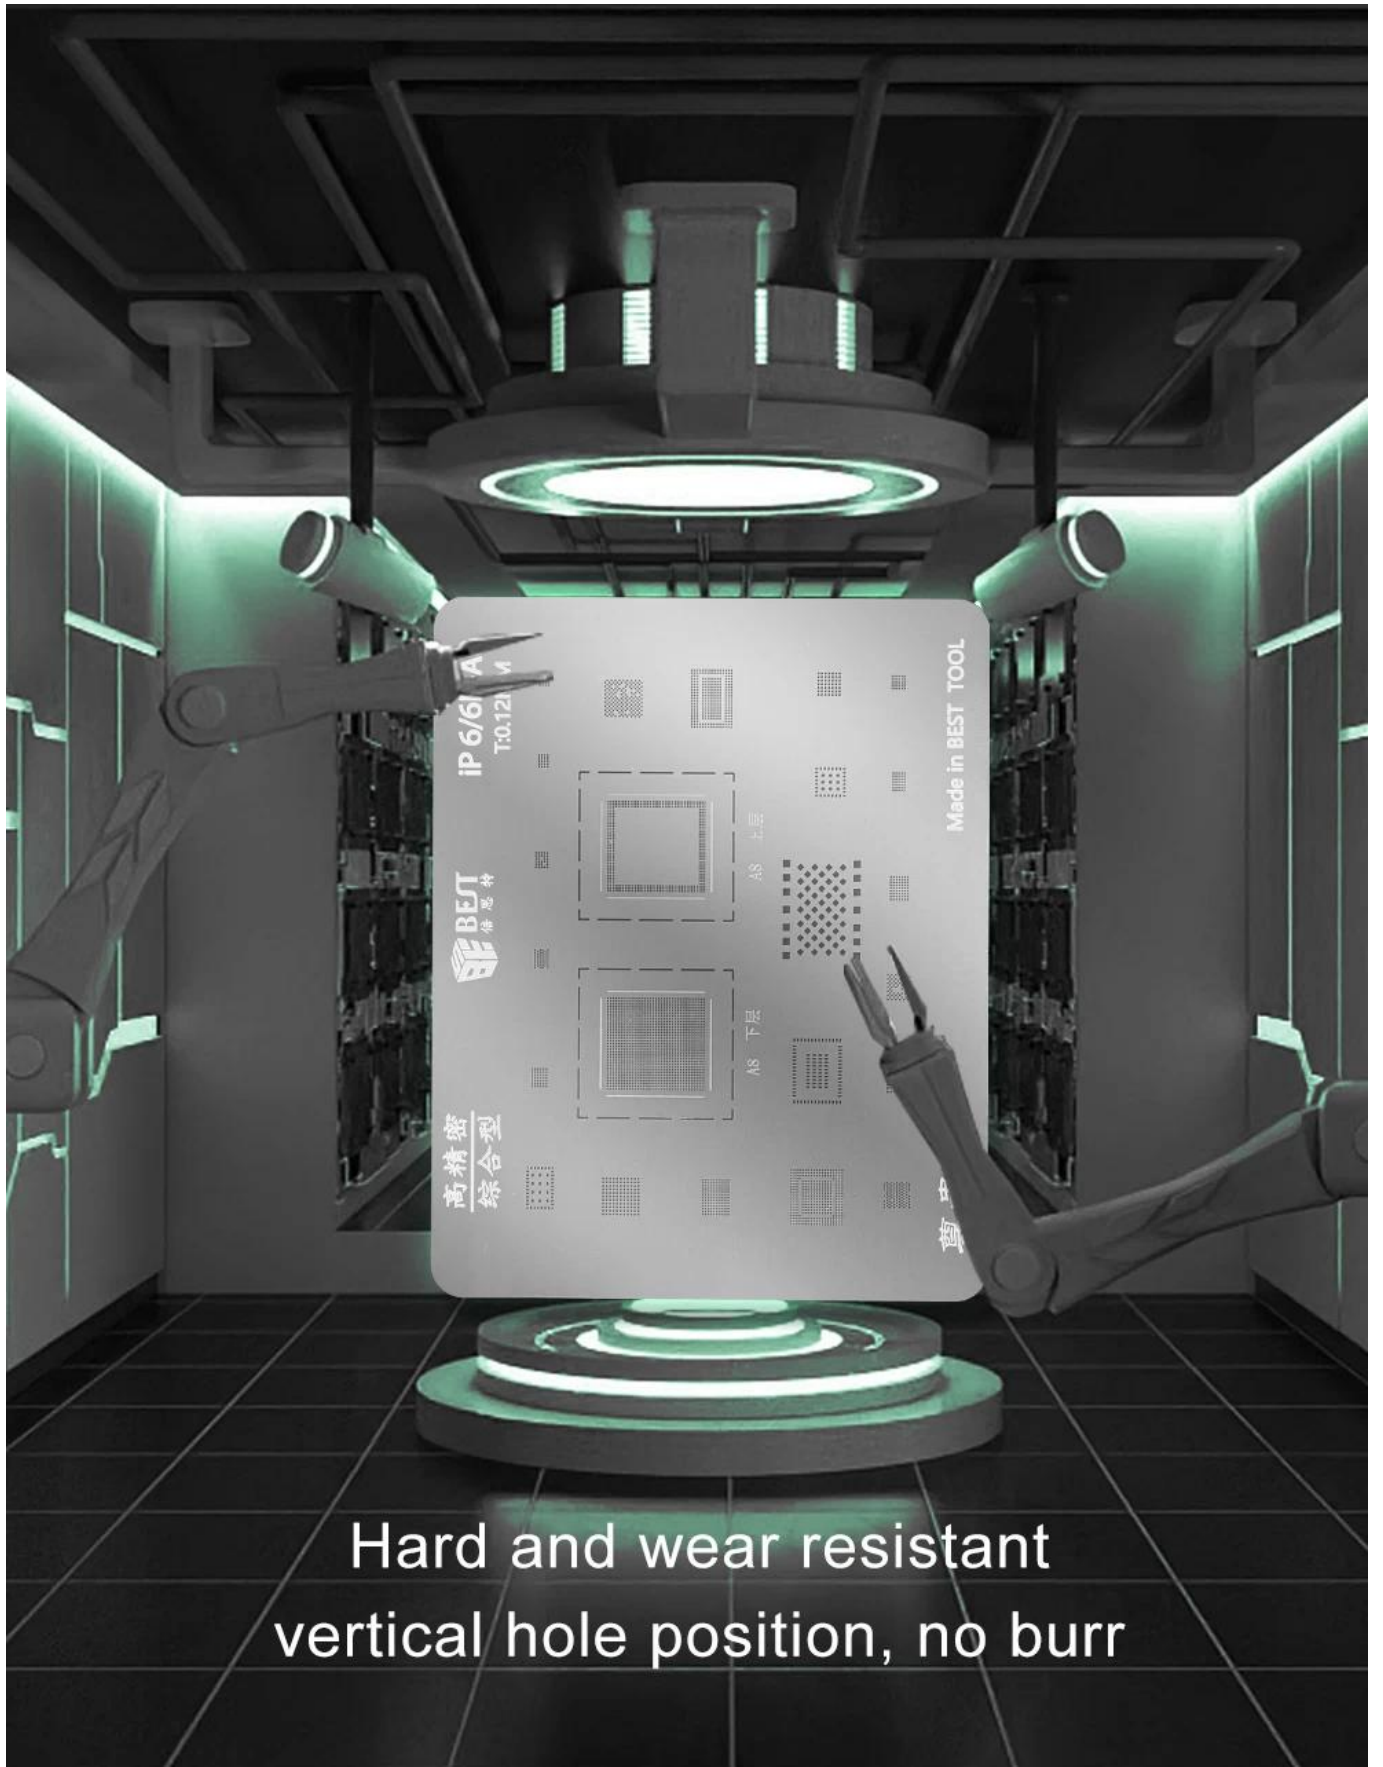

尊贵版

Made in BEST TOOL

---

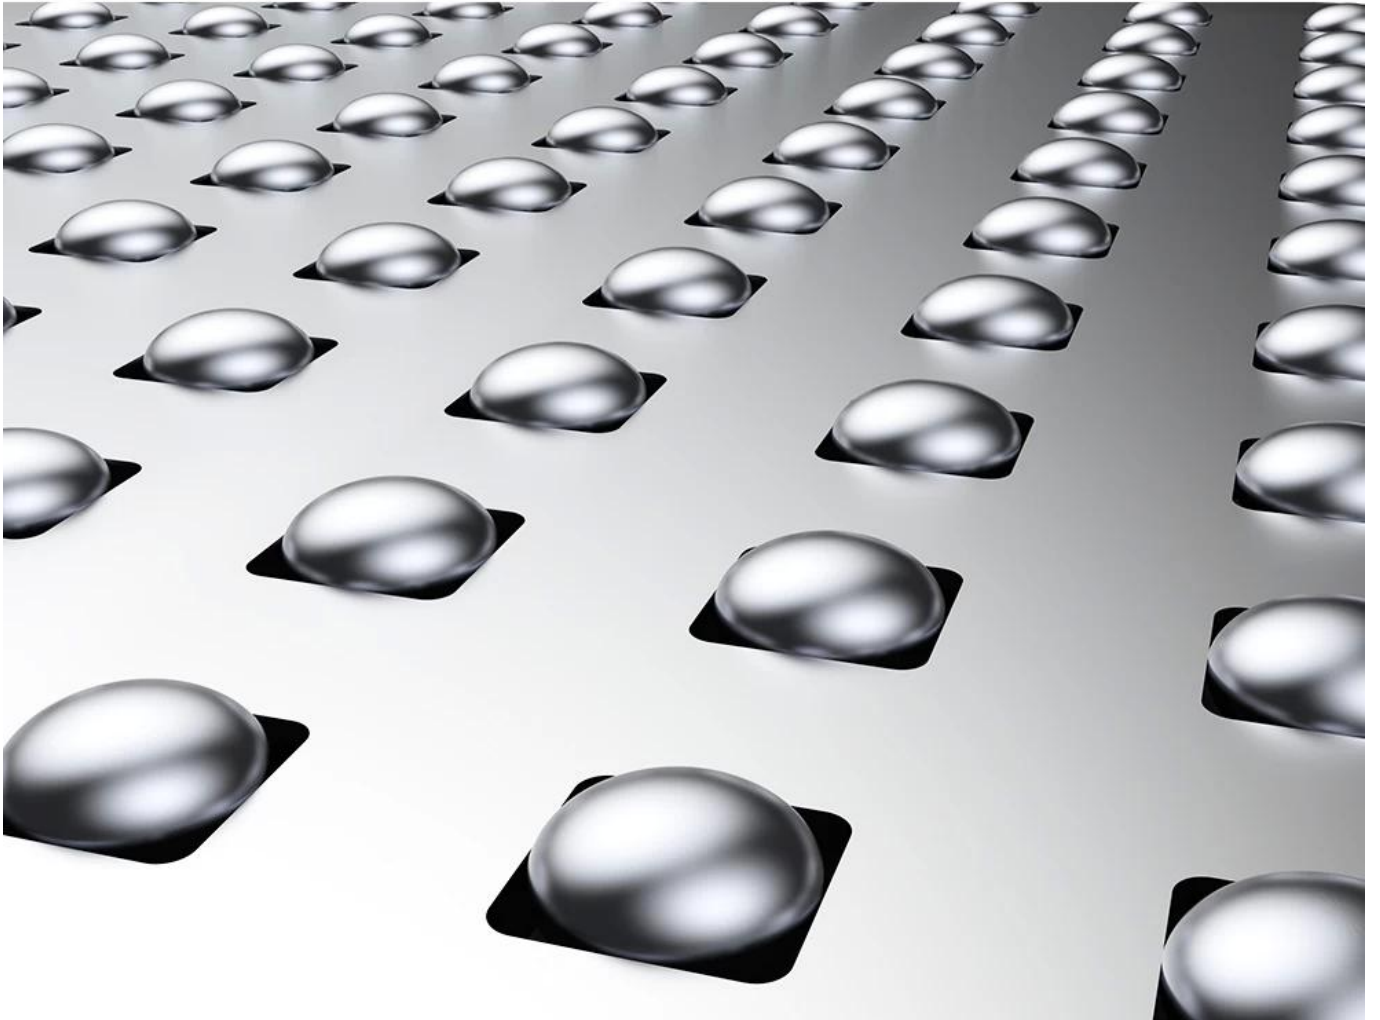

Easily mounted on the steel mesh to make the chip fit more closely with the mesh Therefore.

Hard and wear resistant  
vertical hole position, no burr

Precision Reballing Stencil  
Tin point is neat and tidy

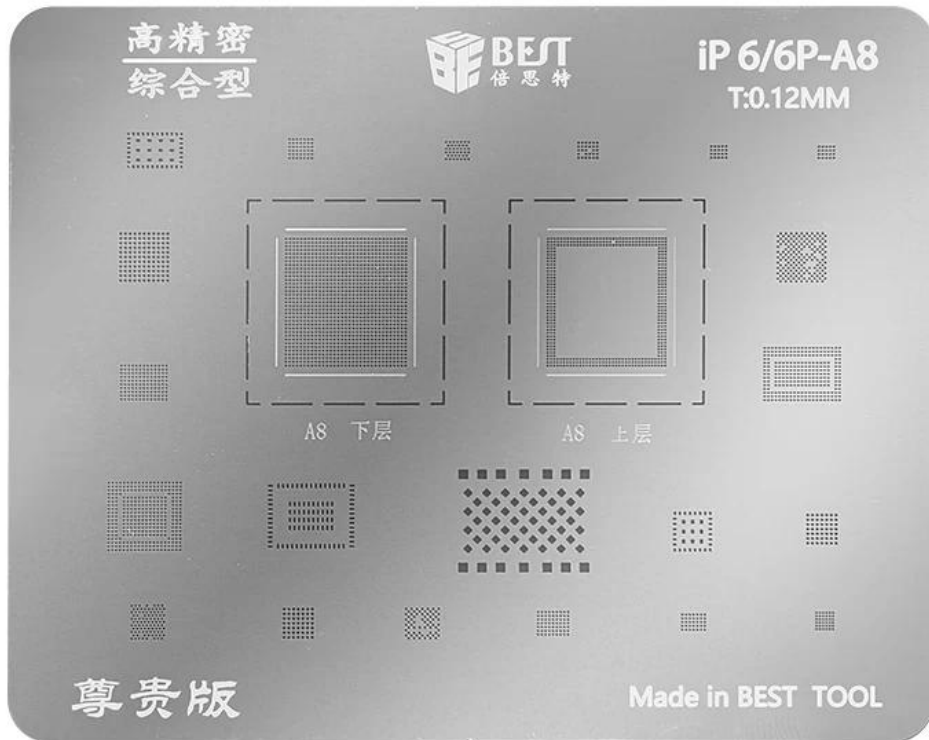

# Product List

N.W.:6.9g

3.89 in. (98mm)

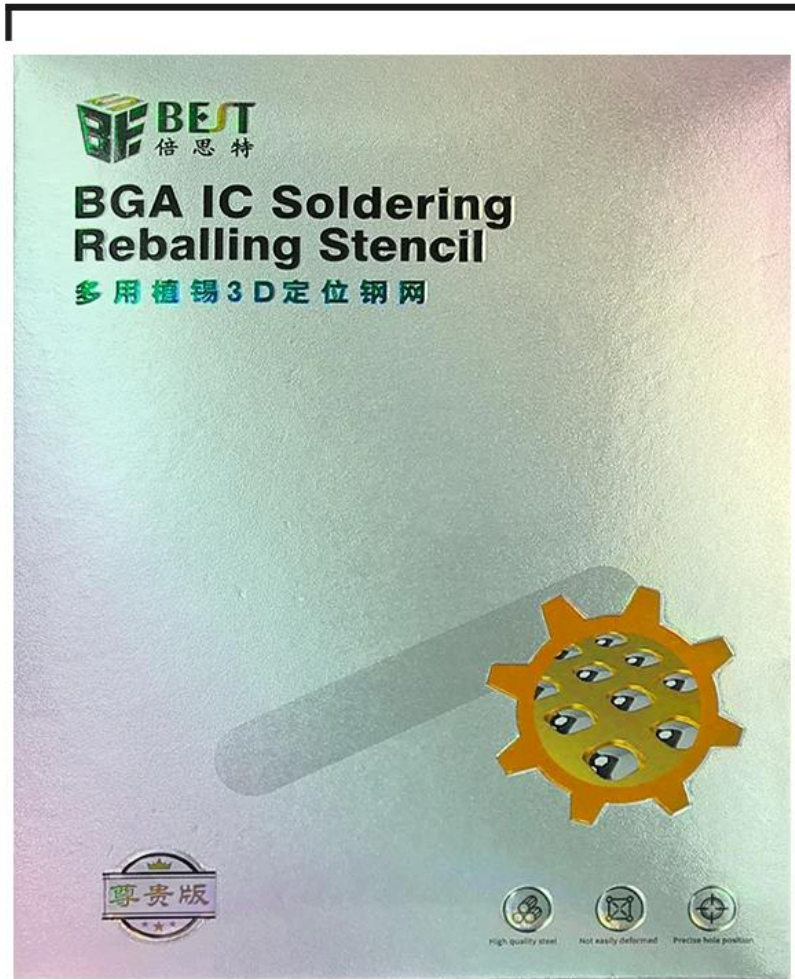

3.10 in. (79mm)

G.W.:12.9g

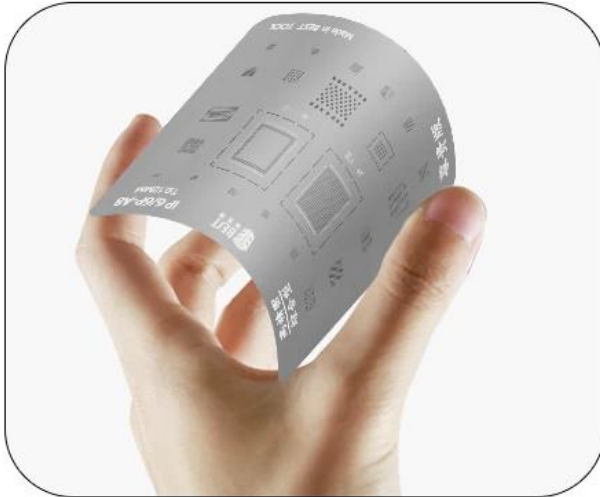

3.36 in. (85mm)

4.30 in. (109mm)

Thin to 0.12mm

Precise die-casting **form heating**

Not easily deformed and scratched
