

SUPERCONDUCTING

Stackable Banana Plug to Alligator Clip Test Leads

Superconducting
transmission

High temperature
resistant

All pure copper
core

Wide range of
applications

Insulating Case

Silicone case wrapped, no leakage

Bold copper wire cores

168pcs pure copper cores, fast transmission, stable current

Product Details

4mm Banana Plug

Pure copper nickel plated material

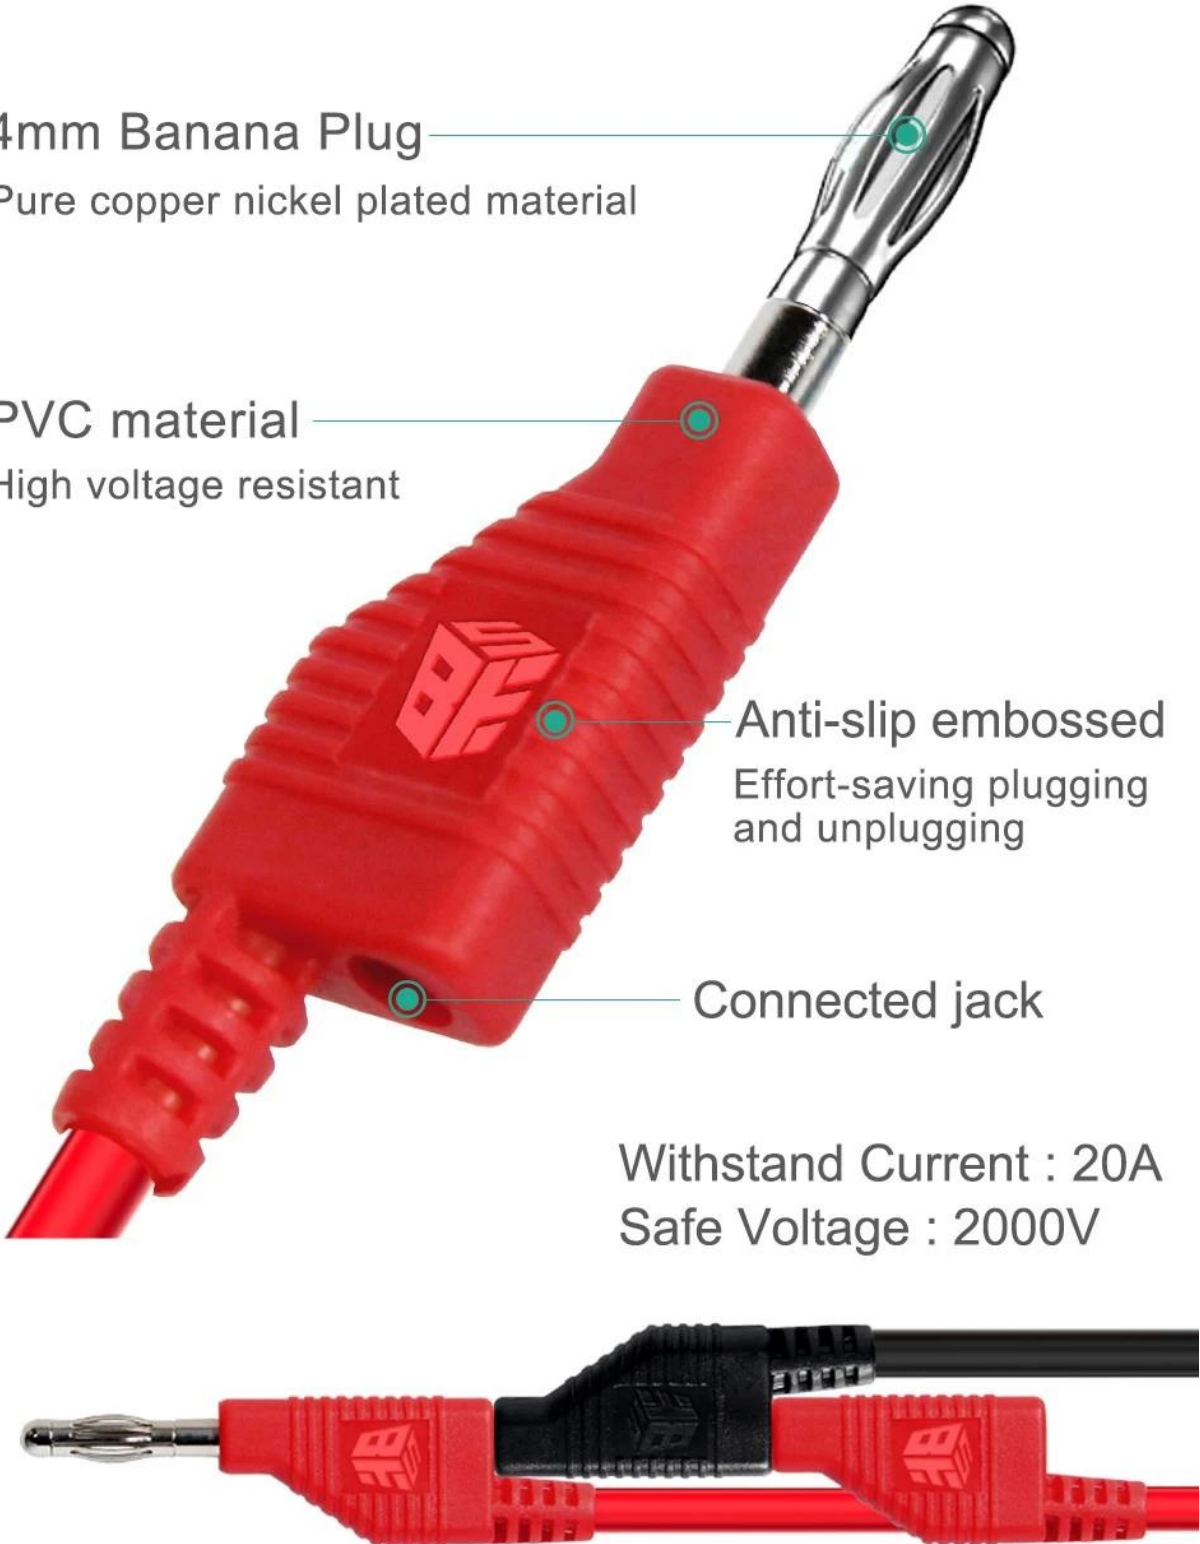

PVC material

High voltage resistant

Anti-slip embossed
Effort-saving plugging
and unplugging

Connected jack

Withstand Current : 20A
Safe Voltage : 2000V
