

# Features

SA-10 6

- Scraper: PCB
- 22swg

## Description

<b>Name:</b>	6 Sets to help welding tools	<b>Model:</b>	BST-SA-10
<b>Brands:</b>	BEST	<b>Material:</b>	With no magnetic
<b>Size:</b>	185mm	<b>Weight:</b>	85g
<b>Feature1:</b>	For machine repair, assembling, dismantle components, grinding, cleaning, and designed the tin		
<b>Feature2:</b>	Will of pressure, drilling, welding repair when pry, poke, cut, blow, hook, pull, roof,Brush... 12 kinds of demand centres in the six auxiliary too		
<b>Feature3:</b>	Used to install and repair circuit board, which are widely used in the welding of printed circuit board (PCB) assembly and repair work		

Size

### BST-SA-10: Fork

Fixed or adjust the components of the pins and connectors

# BST-SA-10: Knife

and

You can cut the copper connection on the printed circuit board

# BST-SA-10: Hook and Fork

and	
<p>You can hook up components of the pins and wires. Fixed or adjust the components of the pins and connectors</p>	

## BST-SA-10: Brush

Before soldering, you can Clean dust and residue on the components

## BST-SA-10: Chip Hold

Small electronic components compaction, positioning after soldering circular element, element corresponding to the pressure head at ordinary times

BST-SA-10: Awl

Clean or expanded pad holes
